Town Meeting, March 26, 1960

Including Recommendations by the Advisory and Finance Committee

The Meeting was called to order by the Moderator, George A. White at 2:00 o'clock p.m.

The Town Meeting Members were sworn to the faithful performance of their duties by Herbert K. Bartlett, Town Clerk.

Number of Town Meeting Members present March 26, 191; March 28, 184; March 29, 184; March 30, 172, as reported by records of Kathryn Swift and Arthur Estes, Jr., checkers.

The Moderator declared a quorum present March 26, 28, 29 and 30, 1960.

Article 2. To see if the Town will vote to authorize the broadcasting of the 1960 town meeting and appropriate $200 for the expenses thereof provided that the Town receives from the broadcasting facilities a tape recording of the entire proceedings of the meeting so broadcast.

The Committee recommends favorable action and an appropriation of $200.

Voted: That the Town authorize the broadcasting of the 1960 Town Meeting and appropriate $200 for the expenses thereof, provided that the Town receives from the broadcasting facilities a tape recording of the entire proceedings of the meeting so broadcast.

Article 3. To hear reports of the several boards of officers and committees of the town and act thereon.

Voted: That the reports of the several boards of officers and committees of the Town be accepted and placed on file.

REPORT OF SEWAGE DISPOSAL COMMITTEE TOWN OF PLYMOUTH

Ladies and Gentlemen:

On December 30, 1958 the former Deputy Commissioner of Public Health, Clarence I. Sterling, Jr. wrote to the town Selectmen informing them that the disposal of untreated sewage into Plymouth harbor is "a nuisance and a danger to public health." He further stated that it is against the rules and regulations adopted by the State Department of Public Health. He recommended, at that time, that an article be inserted into the 1959 town warrant to retain a consulting engineer to review and bring up to date existing plans for sewage disposal by the Town of Plymouth.

Accordingly, article 54 was placed in the 1959 town warrant and then an amended article was voted by the town meeting authorizing the Moderator to appoint a committee of seven to conduct a review of the 1950 Metcalf & Eddy Report. A sum of $1500 was appropriated to defray the engineering expenses relative to the review.

The town moderator appointed Anthony Caramello, Raymond Miskelly, Howard P. Barnes, Everett Malaguti, William Harrington, John A. Thom, and John E. Gilmore, to the committee and conducted the first meeting. Three of the members, Howard P. Barnes, Anthony Caramello and Everett Malaguti served on the previous Sewage Committee of 1950.

The committee organized itself and elected Dr. John E. Gilmore chairman and Raymond Miskelly secretary.

The committee familiarized itself with the problem and then interviewed Mr. Worthan Taylor, Chief Sanitary Engineer of the State Department of Public Health. Mr. Taylor reviewed his predecessor's findings and in a letter of January 25, 1960 to your committee informed us that the discharge of improperly treated sewage into Plymouth harbor is in violation of Section 5, Article 111 of the General Laws. Mr. Taylor has been cooperative with your committee and has offered the facilities of his department to aid us in our review.

Your committee has received proposals from two very eminent sanitary engineers formulating a scientific review of our problem and is in the process of accepting one of these proposals. Both proposals are within our established budget.

The committee has also contacted the town sewer department personnel and made field trips to the sewer outfalls. We are now completing phase one of our project and are expecting to move into the second phase of scientific investigation soon.

To the best of our knowledge, the State Department of Public Health personnel are cognizant of our activity and are content with our progress.

Therefore, the committee requests that the 1960 town meeting accept this as an interim report and continue its existence so that our objective may be completed. We do not request any further funds over and above the original appropriation, at this time.

Respectfully submitted,

JOHN E. GILMORE, Chairman.

Article 4. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1961 and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: That the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1961 and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 5. To see if the Town will vote to amend the Wage and Salary Classification By-law in accordance with the recommendations of the Personnel Board presently filed with the records of said Board.

The Finance Committee has included at the end of this report the recommendation of the Selectmen under this article, which proposes a substitute Exhibit B for the Exhibit B recommended by the Personnel Board and Finance Committee.

The Personnel Board and the Finance Committee recommend that Schedule A and Exhibit B of the Wage and Salary Classification by-law be amended by substituting therefor the following Schedule A and Exhibit B, to be effective as of January 1, 1960:

APPENDIX

1. Clerical work for the Retirement System is not included in the proposed salary shown.
2. Seasonal. The proposed salary shown is based on a full-time position.
3. The salary of the present incumbent ($3,522) is not reduced by this change in classification.
4. Maintenance is provided in addition to the salary shown.

Note: In all "C" and the clerical "F" grades, the salary ranges shown are based on the hours per week as shown. Any change in hours worked will change the salaries paid in the same proportion.

Voted: that the Town amend the Wage and Salary Classification By-Law in accordance with the recommendations of the Personnel Board, as shown in the printed report of the Advisory and Finance Committee.

Mr. Francis Shea moved to substitute for Exhibit B recommended by the Personnel Board and Finance Committee, Exhibit B recommended by the Board of Selectmen and appearing on pages 45 to 48 of the Finance Committee report, but the motion was lost.

Fire Chief Lamb moved to amend Article 5, Schedule A, Exhibit B, under Fire Department, by substituting for the figures listed under maximum, the following maximum figures; and to instruct the Personnel Board to effect any changes, if necessary, in the classification grades and minimums, conforming to their schedule:

Fire Chief-Forest Warden	$6,492
Deputy Chief	5,575
Captain-Mechanic	5,374
Captain	4,972
Lieutenant	4,671
Firefighter	4,370

Mr. Edward O'Brien moved to amend Article 5, under Police Department, by substituting the figures for Sergeants under Grade No. E-8, a minimum of $4,721 and a maximum of $5,172; and for Patrolmen Grade E-2, a minimum of $4,181 and a maximum of $4,570 and to make any other changes in the classification scale necessary to carry out the intentions of this amendment, but the motion was lost.

Article 6. To see what action the Town will take with regard to fixing the salaries of elected Town Officers.

The Committee recommends that the salaries of elected town officers be set, as of January 1, 1960, as follows:

Moderator	$30.00

The Committee recommends no action.
The Planning Board has disapproved this layout, because of the presence of inadequate, privately-owned water pipes within the layout.

Mr. James Frazier moved to amend the Committee's recommendation by substituting the following: That the Town allow as a town way, Lake Drive, Buttermilk Bay Shores, as laid out by the Selectmen and reported to the Town and make an appropriation for land and property damages and expenses for acquiring titles, and the private water main in said drive, but the amendment was lost. The original motion was carried.

Article 39. To see if the Town will vote to raise and appropriate $10,000 for the installation of a drainage system and gravel surface on Lake Drive, Buttermilk Bay Shores, or take any action in relation thereto.

The Committee recommends no action.

Voted: That the Town take no action under Article 39.

At 11:15 o'clock p.m. March 28, 1960 voted to adjourn until Tuesday, March 29th at 7:30 o'clock p.m.

ADJOURNED TOWN MEETING, MARCH 29, 1960

TheMeeting was called to order by the Moderator at 7:30 o'clock p.m.

To see if the Town will vote to accept twenty-five cemetery perpetual care funds, amounting to $6,550 received and deposited in the Plymouth Federal Savings and Loan Association and two cemetery perpetual care funds amounting to $1,200 received and deposited in the Plymouth Savings Bank, all deposited in the year 1959 in accordance with the usual votes of the Cemetery Commissioners and Selectmen and listed as "New Funds" in the town report.

The Committee recommends favorable action.

Voted: That the Town accept twenty-five cemetery perpetual care funds, amounting to $6,550, received and deposited in the Plymouth Federal Savings and Loan Association, and two cemetery perpetual care funds, amounting to $1,200, received and deposited in the Plymouth Savings Bank, all deposited in the year 1959 in accordance with the usual votes of the Cemetery Commissioners and Selectmen and listed as "New Funds" in the town report.

Article 43. To see if the Town will vote to appropriate $2,500 from the sale of Cemetery lots and graves, to be expended by the Board of Cemetery Commissioners, for the embellishment and improvement of Oak Grove, Vine Hills and Outlying Cemeteries; $1,000 of this appropriation to be used for Oak Grove and Vine Hills Cemeteries and $1,500 to be used for the Outlying Cemeteries.

The Committee recommends an appropriation of $2,500 from the Sale of Cemetery Lots and Graves Fund.

Voted: That the Town raise and appropriate from the Sale of Cemetery Lots and Graves Fund the sum of $2,500, to be expended by the Cemetery Commissioners for the embellishment and improvements of cemeteries, $1,000 of this appropriation to be used for Oak Grove and Vine Hills Cemeteries and $1,500 for the Outlying Cemeteries.

Article 44. To see what action the Town will take with reference to the report of the Sewage Disposal Committee appointed in 1959 and to continue said Committee and to make an appropriation therefor.

Recommendation under this article left to the Sewage Disposal Committee.

Mr. Howard P. Barnes moved and it was voted: That the Town accept the first report of the Sewage Disposal Committee which was authorized by Article 54, March 1959,—that the report be included in the proceedings of this meeting and that the Committee be continued.

Article 45. To see if the Inhabitants of the Town of Plymouth will vote to authorize the Selectmen to grant to the Plymouth County Electric Company and New England Telephone and Telegraph Company an easement covering joint pole locations and wire rights for the lines now serving the Town Wharf Lot or take any action in relation thereto.

The Committee recommends favorable action.

Voted: (Unanimously) That the Town authorize the Selectmen to grant to the Plymouth County Electric Company and New England Telephone and Telegraph Company an easement covering joint pole locations and wire rights for the lines now serving the Town Wharf Lot.

Article 46. To see if the Inhabitants of the Town of Plymouth will vote to authorize the Selectmen to grant to the Plymouth County Electric Company and New England Telephone and Telegraph Company, an easement covering joint pole locations and wire rights for the lines now serving the Main Street Extension Parking Lot or take any action in relation thereto.

The Committee recommends favorable action.

Voted: That the Town authorize the Selectmen to grant to the Plymouth County Electric Company and New England Telephone and Telegraph Company an easement covering joint pole locations and wire rights for the lines now serving the Main Street Extension Parking Lot.

Article 47. To see if the Town will vote to raise and appropriate the sum of $535 to renovate the American Legion Rooms in the Memorial Building.

The Committee recommends no action.

Mr. A. Sumner Chapman, Jr. moves to amend the Committee's recommendation by the following: That the Town raise and appropriate the sum of $535 to renovate the American Legion Rooms in the Memorial Building, and it was so voted.

Article 48. To see if the Town will authorize the transfer of $3,146.37 remaining as a balance from Article No. 77 of the 1959 warrant to relay mains in Summer Street to the balance remaining in Article No. 76 of the 1959 warrant for new pumping equipment and accessories at the Lout Pond Pumping Station

The Committee recommends favorable action.

Voted: That the Town authorize the transfer of $3,146.37, representing the balance in the appropriation voted under Article 77 of the 1959 Annual Town Meeting warrant to relay mains in Summer Street, to the balance in the appropriation voted under Article 76 of the 1959 Annual Town Meeting warrant for new pumping equipment and accessories at the Lout Pond Pumping Station, as recommended by the Advisory and Finance Committee.

Article 49. To see if the Town will authorize the Water Commissioners to make such changes at services, service boxes and hydrants as may be necessary and advisable because of construction of Chapter 90 work at Beaver Dam Road from Manomet Four Corners in a southwesterly direction and make an appropriation of $1,000 therefor.

The Committee recommends an appropriation of $1,000.

Voted: That the Town authorize the Water Commissioners to make such changes at services, service boxes and hydrants as may be necessary and advisable because of construction of Chapter 90 work at Beaver Dam Road from Manomet Four Corners in a southwesterly direction and to raise and appropriate the sum of $1,000 therefor.

Article 50. To see if the Town will authorize the Water Commissioners to lay a water main of not less than 6 inches in diameter in Cushing Drive, Manomet, beginning at Point Road and running along Cushing Drive in a northerly direction for a distance of 680 feet to land of Alan Ferris and to raise and appropriate the sum of $5,600 therefor; and to meet said appropriation the sum of $3,560 be appropriated from the tax levy of the current year and $2,040 from money

in the Town Treasury received from the owner of the development, representing $3 per linear foot of main to be laid in said development.

The Committee recommends an appropriation of $5,600, provided $2,040 of this appropriation is deposited with the Town Treasurer by the developer before town meeting.

Voted: That the Town authorize the Water Commissioners to lay a water main not less than 6 inches in diameter in Cushing Drive, Manomet, beginning at Point Road and running along Cushing Drive in a northerly direction for a distance of 680 feet to land of Alan Ferris and to raise and appropriate the sum of $5,600 therefor; and that to meet said appropriation the sum of $3,560 be appropriated from the tax levy of the current year and $2,040 from money in the Town Treasury received from the owner of the development, representing $3 per linear foot of main to be laid in said development.

Article 51 To see if the Town will authorize the Water Commissioners to relay a section of the water main made necessary by the lowering of the road grade on Mayflower Street extending from Mayflower Place northerly to Robinson Street, a distance of 200 feet approximately, with a main not less than 6 inches in diameter and make an appropriation of $2,000 therefor.

The Committee recommends an appropriation of $2,000.

Voted: That the Town authorize the Water Commissioners to relay a section of the water main, made necessary by the lowering of the road grade on Mayflower Street extending from Mayflower Place northerly to Robinson Street, a distance of approximately 200 feet, with a main not less than 6 inches in diameter, and to raise and appropriate the sum of $2,000 therefor.

Article 52. To see if the Town will authorize the Water Commissioners to lay a water main of not less than 6 inches in diameter in Brook Road, Manomet, beginning at the State Highway, Route 3A and running along Brook Road in a northwesterly direction for a distance of 1,800 feet approximately, to land of Kenneth Peck, and make an appropriation of $12,000 therefor. (By Petition)

The Committee recommends no action.

Voted: That the Town take no action under Article 52.

Article 53. To see if the Town will vote to raise and appropriate the sum of $3,200 to hard surface the main road in Morton Park from the parking lot to Billington Street; said appropriation to be spent under the direction of the Park Department.

The Committee recommends no action.

Voted: That the Town take no action under Article 53.

Article 54. To see if the Town will vote to raise and appropriate the sum of $2,600 for the purchase of a new 1½ ton dump truck for the Park Department and dispose of the 1954 Ford dump truck now in use; said appropriation to be spent under the direction of the Park Department.

The Committee recommends an appropriation of $325 for the purchase and installation of a new engine block in the 1954 Ford dump truck.

Voted: That the Town raise and appropriate the sum of $325 for the purchase and installation of a new engine block in their 1954 Ford dump truck, said appropriation to be expended under the direction of the Park Department.

Article 55. To see what action the Town will take to abolish the Camp Grounds at the Indian Reservation at Fresh Pond, Manomet, and restore the same reservation to its original status as a park. (By Petition)

The Committee recommends no action.

Voted: That the Town take no action under Article 55.

Article 56. To see if the Town will authorize the Selectmen to purchase the land and buildings thereon between Leyden and Middle Streets as shown on plan dated January 26, 1960, Whitman & Howard, Inc., Engineers, and entitled "Proposed Off-Street Parking Site, Plymouth, Mass., Scale 1″ equals 60 feet" for purpose of constructing a public off-street parking facility and to determine whether the Town will appropriate money therefor by taxation; by appropriation from available funds in the Treasury, including parking meter receipts; or by borrowing under Chapter 44 of the General Laws, as amended, or take any action relative thereto.

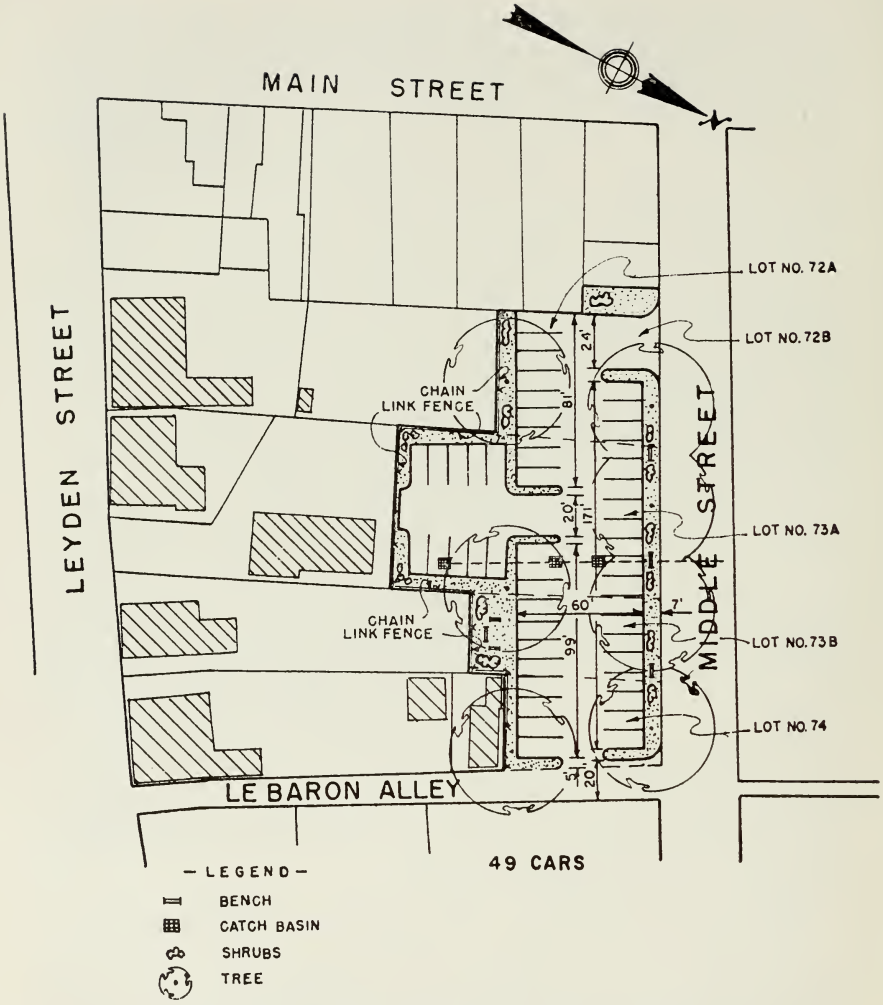
The Committee recommends an appropriation of $125,000, of which $10,000 shall come from the tax levy, $40,000 from parking meter receipts and $75,000 from a bond issue, as proposed by the Parking and Traffic Committee.
The Planning Board recommends.

Voted: 127 voting in the affirmative, 53 in the negative, that the Selectmen be authorized to purchase for a public off-street parking facility the land and buildings on the southeasterly side of Middle Street, consisting of Lots 72A, 72B, 73A, 73B and 74 of Plat 20 of the Assessors' Maps, as shown on a plan entitled "Proposed Off-Street Parking Site, Plymouth, Mass., Scale 1″ = 60′, Jan. 26, 1960, Whitman & Howard, Engineers, 89 Broad St., Boston, Mass." filed with the report of the Parking and Traffic Committee authorized by the annual town meeting of March 1958; and continued by the annual town meeting of 1959, and that the Town raise and appropriate or transfer from available funds for the acquisition of said land, the original construction, hard surfacing and for the purchase and installation of one hour parking meters and operating and maintaining the same, the sum of $125,000 and to meet said appropriation $10,000 be from the current tax levy, $40,000 from parking meter receipts, $34,000 from Regular Meter Fund and $6,000 from Parking Lot Fund and that the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of $75,000 in accordance with the provisions of Section 7 (3) of Chapter 44 of the General Laws, as amended, so that the whole sum shall be paid in not more than ten years after the date of the issuance of the first bond or note or at such earlier date as the Treasurer or Selectmen may determine and that such debt incurred may be paid, in accordance with Section 22 B of Chapter 40 of said General Laws, in part from receipts from parking meters; said sum of $125,000 to be allocated as follows: $110,000 for the acquisition of the land and buildings described herein and $15,000 for the clearing and preparation of said land the hard surfacing thereof and the purchase and installation of said parking meters.

REPORT OF PARKING AND TRAFFIC COMMITTEE

Last year the Parking and Traffic Committee attempted to solve all of Plymouth's off street parking problems for the foreseeable future in one proposal but could not get the necessary two thirds vote.

Since that time the committee has been in conference with many interested individuals and groups and has come to the conclusion that off street parking must be met by obtaining several small lots, strategically located, well landscaped and with as little conflict as possible with our historical atmosphere.



PROPOSED OFF STREET PARKING SITE

PLYMOUTH, MASS.

SCALE: 1" = 60' JANUARY 26, 1960
WHITMAN & HOWARD INC., ENGINEERS
89 BROAD STREET BOSTON, MASS.

The emphasis shoud be on quality rather than quantity.

To this end and for this year the committee proposes the area between Middle and Leyden Streets, as indicated on the attached engineers' map, with spaces for 49 cars.

This area is only 100 feet from Main Street, on level ground and should easily have maximum usage.

Entrance and exit would be on Middle Street and should cause no serious traffic problem. Main Street northbound traffic would simply make a right turn into Middle Street and southbound traffic has ample opportunity to make entrance because of the northbound traffic interruption caused by the traffic lights at Town Square.

Cars exiting onto Middle Street will merge with regular traffic at Carver and Leyden Streets, which lead to the traffic lights at Town Square. There should be no problem here.

However, the committee again recommends that no-parking on the north side of Leyden Street at the traffic lights be enforced so that two lanes of traffic can easily come up to the lights.

You will note that under the committee proposal no houses or land on historic Leyden Street will be touched.

In the area to be acquired, there are only three owners, two of whom have signed options to sell and named their firm price. The other has agreed to sell but wants help relocating which is now in process.

The engineers have estimated that the outside cost to the town would be $125,000, which includes land, demolition, paving, fences, trees and shrubs, engineering costs, etc.

Private property is to be separated from the lot by a chain link fence.

We propose to pay for this by appropriating $10,000 from the 1960 tax levy, $40,000 from current parking meter funds available and the balance by a bond issue to be written off over 10 years.

The revenue from the present meters plus the 49 on the new lot will amply take care of bond payments and leave sufficient for maintenance and care of all town meters.

Assessed value of the taxable property to be purchased is approximately $20,000 representing about $1,150 taxes.

The committee feels sure that while the cost of this plan is high, as compared to some others, the excellent location will assure maximum usage and make each space at least twice as valuable as an area having the usual 50 per cent usage.

It does not seem necessary to go into the details again of the dire necessity of additional off street parking space in Plymouth or the economic dependency of Plymouth upon its central business district.

The proposed area with its 49 spaces is exactly equivalent in point of accommodation offered to all spaces on both sides of Main and Court Streets from Town Square to No. Russell Street. It should prove a very welcome partial relief at this time.

In view of the above-mentioned facts, the Plymouth Parking and Traffic committee unanimously approves the acquisition of lots 72A, 72B, 73A, 73B and 74 as shown on the Assessors' Plan 20 and the construction of a 49-car parking facility on this land.

Article 57. To see if the Town will acquire for the purpose of establishing a public parking facility, the premises of Buttner Co. on North Street described in deed of George E. Tucker Barnes to Buttner Co., dated April 15, 1955, recorded in Plymouth County Registry of Deeds, Book 2411, Page 325 and the premises of Roy B. Bradley and Pearl E. Bradley on Brewster Street described in deed of Thomas A. Dutton et ux to said Bradleys, dated January 4, 1957, recorded in said Registry of Deeds, Book 2548, Page 18 and to raise and appropriate or transfer from available funds including Parking Meter Receipts not more than $19,000 for acquiring said Buttner premises, not more than $28,000 for acquiring said Bradley premises, and make a further appro-

priation for the removal of buildings, preparation of site and constructing a public parking facility; all of said work to be under the direction of the Board of Selectmen. (By Petition)

The Committee recommends no action.

The Planning Board does not recommend.

Mr. John Ryan moved to amend that the Town acquire for the purpose of establishing a public parking facility, the premises of Buttner Co. on North Street described in deed of George E. Tucker Barnes to Buttner Co., dated April 15, 1955, recorded in Plymouth County Registry of Deeds, Book 2411, Page 325 and the premises of Roy E. Bradley and Pearl E. Bradley on Brewster Street, described in deed of Thomas A. Dutton et ux to said Bradleys, dated January 4, 1957, recorded in said Registry of Deeds, Book 2548, Page 18 and to raise and appropriate or transfer from available funds the sum of $19,000 for acquiring said Buttner premises and the sum of $28,000 for acquiring said Bradley premises, and make a further appropriation of $24,000 for the removal of buildings, preparation of site and constructing a public parking facility; all of said work to be under the direction of the Board of Selectmen, but the motion to amend was lost.

The original motion was put before the Meeting and carried.

REPORT OF THE COMMITTEE ON MANOMET FIRE STATION

This committee was appointed with instructions to continue the study and obtain costs for the construction of a Fire Engine House in Manomet. The Committee was appointed at the 1959 town meeting under Article 60, and was, in effect, a continuation of a similar committee which was dissolved at that town meeting.

At the request of this committee, the town engineer had the land in Manomet, which was purchased for the construction of a Fire Station, surveyed.

Using the plans of previous architects and then modifying same to meet the requirements involved, and having in mind future needs, the Committee recommends that the Town appropriate the sum of $45,000 for the construction of the Fire Station, to be expended by our committee.

ARTHUR H. LAMB
C. HARVEY MOORE

Article 58. To see what action the Town will take on the report of the Special Committee appointed under Article 60 of the 1959 Annual Town Meeting to study the need of a Manomet Fire Station and to see what amount the Town will vote to raise and appropriate from the tax levy and available funds for the construction of said station.

The Committee recommends that Articles 58 and 59 be considered as one article, with an appropriation of $40,000, to be expended under the direction of the present Committee, for construction of the building, black-topping and improvement of the grounds, wiring and change-over of permanent equipment, and purchase of all necessary new equipment.

Article 59. To see if the Town will vote to raise and appropriate $2,407 to equip the Manomet Fire Station.

See recommendation under Article 58.

Voted: That the Town take up Articles 58 and 59 as one article.

Articles fifty-eight and fifty-nine combined:

The Committee recommends that the Town raise and appropriate the sum of $40,000, to be expended under the direction of the committee appointed under Article 60 of the 1959 annual town meeting, for the construction of a fire station. on the lot in Manomet purchased for that purpose in 1958, said construction to include all necessary black-topping and improvement of the grounds, wiring and change-over of permanent equipment, including siren, from the present Manomet Fire Station and purchase of all necessary new equipment.

The Fire Station Committee moved to amend and it was voted: That the Town raise and appropriate $45,000 to be expended under the direction of the present committee for construction of the building, black-topping, improvement of grounds, wiring, change-over of alarm equipment and purchase all necessary new equipment. $28,000 to come from Excess and Deficiency account and $17,000 from the current tax levy.

At 11:00 o'clock p.m. March 29, 1960 voted to adjourn until Wednesday, March 30th at 7:30 o'clock p.m.

ADJOURNED TOWN MEETING, MARCH 30, 1960

Mr. Wilfred Brown moved to amend Exhibit B of Article 5 and to substitute the following salary ratings but the amendment was withdrawn:

Firefighter	Grade E-2 maximum $4,370
Fire Lieutenant	Grade E-5 maximum $4,671
Fire Captain	Grade E-8 maximum $4,972
Captain-Mechanic (fire dept.)	Grade E-12 maximum $5,374
Deputy Chief (fire dept.)	Grade E-14 minimum $5,059
	maximum $5,575
Fire Chief-Forest Warden	Grade A-7 minimum $5,864
	maximum $6,492
Police Chief	Grade A-7 minimum $5,864
	maximum $6,492

It was voted that the Town take up Article 62 at this time.

Article 62. To see if the Town will repair and renovate that portion of the Building owned by the County and presently occupied by the Police Department of the Town and make an appropriation therefor or take any action thereon.

The Committee recommends an appropriation of $14,200.

Voted: That the Town raise and appropriate the sum of $14,200 to be expended under the direction of the Board of Selectmen to repair and renovate that portion of the building owned by the County and presently occupied by the Police Department, none of said appropriation to be expended until a lease is executed.

Article 60. To see if the Town will authorize the Selectmen to accept a free lease from the County of Plymouth for the use of the Commission of Public Safety for police purposes for a period of 25 years, the premises presently occupied by the Police Department for a police station and make an appropriation therefor or take any action thereon.

Favorable action under this article is contingent upon an appropriation of $14,200 under Article 62.
The Committee recommends the leasing of this building for 10 years at $1 per year.

Voted: That the Town authorize the Selectmen to accept a free lease from the County of Plymouth, for the use of the Commission of Public Safety for police purposes, for a period of ten years, the premises presently occupied by the Police Department for a Police Station.

Article 61. To see if the Town will repair and remodel that portion of the building owned by the County and presently occupied by the Police Department of the Town and make an appropriation therefor or take any action thereon.

The Committee recommends no action.

Voted: That the Town take no action under Article 61.

Article 63. To see if the Town will vote to raise and appropriate $25,100.00 to purchase and equip one triple combination pumping engine for the Fire Department.

The Committee recommends no action.

Mr. Bittinger moved to amend the Committee's recommendation and it was so voted: That the Town raise and appropriate $25,100 to purchase and equip one triple combination pumping engine for the Fire Department.

Article 64. To see if the Town will vote to replace the present 44-year-old ladder truck and raise and appropriate $42,300.00 to purchase and equip one aerial ladder truck for the Fire Department.

The Committee recommends that the Town make no appropriation under this article, but instruct the Commission of Public Safety to take immediate action on disposing of the 44-year-old ladder truck which they deem to be obsolete, by so notifying the Board of Selectmen.

Voted: That the Town make no appropriation under Article 64 but to instruct the Commission of Public Safety to take immediate action on disposing of the 44-year-old ladder truck, which they deem to be obsolete, by so notifying the Board of Selectmen.

Article 65. To see if the Town will vote to raise and appropriate $3,100.00 to establish and equip a repair shop for the Fire Department.

The Committee recommends an appropriation of $2,260. This repair shop will be located at the North Plymouth Fire Station.

Voted: That the Town raise and appropriate the sum of $2,260 for the purchase and installation of equipment for the establishment of a repair shop for the Fire Department.

Article 66. To see if the Town will vote to raise and appropriate $2,570.00 to complete tone control in Manomet and Cedarville.

The Committee recommends an appropriation of $2,570.

Voted: That the Town raise and appropriate the sum of $2,570 to complete tone control in Manomet and Cedarville.

Article 67. To see if the Town will vote to raise and appropriate $6,000 to purchase, build and equip one forest kit for the Forest Fire Department.

The Committee recommends no action.

Voted: That the Town take no action under Article 67.

Article 68. To see if the Town will vote to raise and appropriate $10,000 to purchase and equip 4 cars for the Police Department and to dispose of the four present vehicles.

The Committee recommends an appropriation of $4,800 for the purchase of two station wagon ambulance-cruisers, equipped with heavy duty engines and standard shifts, including the change-over of the present equipment to the new cars and the trade-in of the present 1958 Chevrolet and 1959 Ford.

Voted: That the Town raise and appropriate the sum of $4,800 for the purchase, for the Police Department, of two station wagon ambulance-cruisers, equipped with heavy duty engines and standard shift, including the change-over of the present equipment to the new cars, and to dispose of the present 1958 Chevrolet and 1959 Ford.

Article 69. To see if the Town will vote to raise and appropriate $6,500 to replace and equip the present signal system desk for the Police Department.

The Committee recommends an appropriation of $6,500.

Voted: That the Town raise and appropriate the sum of $6,500 to purchase and equip a new signal system desk for the Police Department and to dispose of the signal system desk now in service.

Article 70. To see if the Town will vote to raise and appropriate $7,600 to purchase and equip one garbage body and chassis and trade in the present ones.

The Committee recommends the appropriation of $4,100 for the purchase and installation of a new garbage body on the existing chassis.

Voted: That the Town raise and appropriate the sum of $6,600 to purchase and equip a garbage truck and to dispose of one now in service.

Article 71. To see if the Town will vote to raise and appropriate $6,250 for the purpose of securing water at the Cedarville Dump together with the necessary pump house, wiring and appurtenances thereof.

The Committee recommends no action.

Voted: That the Town take no action under Article 71.

Article 72. To see if the Town will vote to amend the Building Code of the Town of Plymouth by striking out Section 13a and substituting the following "The first floor of every mercantile establishment and store shall be equipped with glass dead eyes in the locations and of the type determined by the Fire Chief, if in his opinion deemed necessary and shall be installed in a manner satisfactory to the Building Inspector."

This proposed amendment merely adds the words "if, in his opinion deemed necessary" to the present by-law.
The Committee makes no recommendation under this article.

Voted: That the Town take no action under Article 72.

Article 73. To see if the Town will vote to amend the Building Code by striking out the last sentence under the first Section 10a and substitute in place thereof: "Bolts shall be at least ½″ diameter and 12″ long, well anchored into the foundation."

This proposed amendment would reduce the required diameter of these bolts from ⅝″ to ½″.
The Committee recommends no action, since Article 23 of the existing by-law gives discretionary power to the Building Inspector to allow such variations.

Voted: That the Town take no action under Article 73.

Article 74. To see if the Town will vote to amend the existing Zoning By-Law by substituting therefor the proposed Zoning By-Law as reported to the Town meeting by the Plymouth Planning Board; and to make an appropriation for administrative expenses.

In accordance with the recommendations of the Planning Board, the Committee recommends adoption of the Proposed Zoning By-Law, as printed in the back of this report, and an appropriation of $1,000 for administrative expenses.

Mr. Thomas Quinn moved to amend the vote to amend the existing Zoning By-Law by substituting therefor the proposed Zoning By-Law as reported by the Plymouth Planning Board.

Mr. Sumner Chapman, Jr. moved to amend the motion of Mr. Quinn by adding to the second sentence of Section IV—A and the second sentence of Section IV—B the following words: "except that the boundary between two adjoining lots of different owners may be adjusted between them, as long as the adjustment does not result in the creation of an additional lot on which buildings or structures may be located thereafter in violation of the provisions of Section IV of these by-laws," but the motion was lost.

The original motion of Mr. Quinn was voted on by ballot, 65 in the affirmative, 95 in the negative, but the motion was lost.

The Town voted that the Planning Board continue its study and report at the next annual or special town meeting.

Article 75. To see if the Town will vote to amend the Town of Plymouth Zoning Map dated February 1, 1951 by changing from a Residence District to a Commercial District, an area on both sides of Carver Road (Route 44) extending from the Carver Town line northeasterly 1,850 feet and to a depth of 400 feet on each side of said Carver Road.

No action will be required under this article, if the Town adopts the new Zoning By-Law proposed under Article 74. In the event that the new Zoning By-Law is not adopted, the Committee, in accordance with the recommendation of the Planning Board, recommends favorable action.

Voted: (Unanimously) That the Town amend the Town of Plymouth Zoning Map, dated February 1, 1951, by changing from a Residence District to a Commercial District, an area on both sides of Carver Road (Route 44) extending from the Carver town line northeasterly 1,850 feet and to a depth of 400 feet on each side of said Carver Road.

Article 76. To see if the Town will vote to amend the Town of Plymouth Zoning Map dated February 1, 1951 by changing from a Residence District to a Commercial District an area extending beyond the present existing commercial district on the southeast side of Crow's Way, 800 feet to the southwest and to a depth of 700 feet to the southeast.

No action will be required under this article, if the Town adopts the new Zoning By-Law proposed under Article 74. In the event that the new Zoning By-Law is not adopted, the Committee, in accordance with the recommendation of the Planning Board, recommends favorable action.

By a show of hands with 117 voting, 76 in the affirmative, 41 in the negative, not being a 2/3 vote, the Committee's recommendation that the Town amend the Town of Plymouth Zoning Map, dated February 1, 1951, by changing from a Residence District to a Commercial District an area extending the existing commercial district on Crow's Way a distance of 800 feet southwesterly along Crow's Way and to a depth of 700 feet to the southeast, was lost.

Mr. Howard Barnes moved that a vote of confidence be extended to the Planning Board and it was so voted.

Article 77. To see what amount the Town will vote to raise and appropriate to bring the Plymouth Compact of 1949 up to date.

The Planning Board has asked for an appropriation of $5,500 under this article to meet the requirements of the Federal Government with regard to the application of the Urban Redevelopment Authority for federal funds.
The Committee recommends an appropriation of $5,500.

Voted: That the Town raise and appropriate the sum of $5,500, to be expended under the direction of the Planning Board, to bring the Plymouth Compact of 1949 up to date.

Article 78. To see what amount the Town will vote to transfer from available funds to reduce the tax levy of the current year.

The Committee recommends that the Town authorize and direct the Assessors to take $150,000 from available funds to reduce the tax levy of the current year.

Voted: That the Town authorize and direct the Assessors to take $122,000 from available funds to reduce the tax levy of the current year.

Article 79. To see what amount the Town will vote to transfer from available funds for the Stabilization Fund as authorized by the provisions of Chapter 124 of the Acts of 1945.

The Committee recommends the transfer of $75,000 from available funds to the Stabilization Fund.

Voted: That the Town transfer from available funds the sum of $75,000 for the Stabilization Fund, as authorized by the provisions of Chapter 124 of the Acts of 1945 and recommended by the Advisory and Finance Committee.

Article 80. To see if the Town will vote to remove the restrictions placed upon the 1951 deed of Gordon L. Howland covering Lots Nos. 5, 6 and 11 of the Town Wharf Lot.

(By Petition)

The Committee makes no recommendation under this article, as this is a legal matter.

Mr. William Barrett moved that the Town take no action under Article 80.

Mr. Thomas Quinn moved that the Town remove the restrictions placed upon the 1951 deed of Gordon L. Howland covering Lots Nos. 5, 6 and 11 of the Town Wharf Lots; voting by a show of hands, 66 in the affirmative, 60 in the negative, it was so voted.

Article 81. To see if the Town will vote to sell to Angelo Barbieri and Evelyn Barbieri for $3,500, a lot of land with building thereon, known as the Wellingsley School and located at Jabez Corner, such sale not to include 1,040 square feet of said land to be used by the Town for highway purposes. (By Petition)

The Committee recommends favorable action.
The Planning Board has approved, inasmuch as they have no future plans for this lot.

Voted: That the Town sell to Angelo Barbieri and Evelyn Barbieri, for $3,500, a parcel of land containing 8,354 square feet, with the building thereon, as shown on a plan entitled: "Land of the Town of Plymouth at Jabez Corner, Scale: 1 in. = 20 ft., Feb. 23, 1957, Edward Chase, Town Engineer," the remaining portion of the town-owned land as shown on said plan, containing 1,040 square feet, to be used for highway purposes.

Article 82. To see if the Town will authorize the Moderator to appoint a committee to seek legislation whereby the Commissioners of Public Safety will be elected, instead of appointed as now provided in Chapter 10 of the Acts of 1951 and make the necessary appropriation therefor.

(By Petition)

The Committee recommends the appointment of a committee of three members and an appropriation of $100 for said committee's expenses. It also recommends that provision for the election of the members of the Commission be made in accordance with the recommendation in the Report of the Special Committee on Organization of the Town Government, dated February 25, 1957.

Voted: That the Moderator appoint a committee of three, one of whom shall be the Town Counsel, to seek enabling legislation to permit the amendment of Chapter 10 of the Acts of 1951, under the provisions of which the Public Safety Commission was set up, to provide that the Public Safety Commissioners shall be elected at the annual town election for one, two and three year terms and thereafter when the term of any member expires, his successor shall be elected to serve for three years; and that $100 be appropriated for the expenses of the committee. (By Petition)

Article 83. To see if the Town will direct the Town Clerk to include in the printed town reports each year a complete listing, by precincts and totals, of the votes at the Town Elections (similar to tabulations usually made by the Old Colony Memorial); and also the votes in State Elections on questions relating primarily to Town of Plymouth.
(By Petition)

The Committee recommends favorable action.

Voted: That the Town direct the Town Clerk to include in the printed town report each year a complete listing, by precincts and totals, of the votes at the Town Elections (similar to tabulations usually made by the Old Colony Memorial); and also the votes in State Elections on questions relating primarily to the Town of Plymouth. (By Petition)

At 11:30 o'clock p.m. March 30, 1960, it was voted to adjourn.

Town of Plymouth

Gentlemen:

I submit herewith report of the financial transactions of the Town of Plymouth for the year ending December 31, 1960.

The cash balance at the close of the year was $956,674.56, only $1,305.94 of this amount representing unexpended bond issue balances.

The Excess and Deficiency Account of $778,567.57 and the Free Cash of $555,724.45 are slightly lower than last year. However, except for the appropriation of $36,151.47 from E. & D. in November, these accounts would have remained at about the 1959 level.

Estimated Receipts showed an excess of $170,955.12, due in most part to the increased returns from the Commonwealth of income tax and corporation taxes, although motor vehicle excise and water revenue also showed some increases.

An authorized overdraft of $9,555.13 for Snow and Ice Removal was cleared from the accounts by a transfer from the Reserve Account at the end of the year.

The following unpaid bills were reported to this office:

Police Department:

Town Brook Service Station	$180.69
Gulf Oil Corporation	293.27
Samoset Garage, Inc.	8.20
Wholesale with Kelly	79.22
New Eng. Tel. & Tel. Co.	35.00
Automotive Distributors, Inc.	47.30

Wildes Motor Co., Inc.	13.60
Richard M. Kilfoyle, M.D.	290.00
Balboni's Drug Store	6.45
Milton F. Brougham, M.D.	425.00
N. R. Petrell, M.D.	62.50
Peter F. Rogerson	22.75
Frank J. Abate, Jr., M.D.	216.00
Jordan Hospital	1,398.02
General Relief:	
Conn. Junior Republic Ass'n	252.00

The several schedules are in the following order:

Schedule A. Cash Receipts and Cash Payments as reported to the Bureau of Accounts of the Commonwealth.

Schedule B. Departmental and all special appropriations and such receipts, including federal grants, as may be legally expended without specific town meeting appropriation, with all payments from same classified as to purpose.

Schedule C. Estimated Receipts, other than from local taxes, as used by the Assessors in setting the 1960 tax rate. The schedule also shows the actual cash receipts from the same sources.

Schedule D. Revenue Account for 1960.

Schedule E. Excess and Deficiency Account.

Schedule F. Balance Sheet, December 31, 1960.

Schedule G. and H. Bonded Indebtedness, January 1, 1961.

Schedule I. List of Trust Funds and Town Investments as of December 31, 1960.

Schedule J. Calculation of the Town's borrowing capacity of January 1, 1961.

Respectfully submitted,

CORA B. GRADY
Town Accountant

REPORT OF THE PLYMOUTH-CARVER REGIONAL DISTRICT SCHOOL COMMITTEE

At the March Town Meeting it was voted to appoint a committee of three to join with the already existing Carver Planning Committee to investigate the advisability of forming a school district with Carver for the purpose of constructing a regional high school.

In accordance with this vote, Alton S. Cavicchi from the School Committee, David A. Cappannari from the High School Building Committee, and A. Linwood Ellis, Jr. from the Planning Board were appointed by Moderator George A. White. The Carver Committee consisted of Erwin K. Washburn, Faith A. Young, and Franklin P. Wilbur.

These two committees organized as the Plymouth-Carver Regional School Planning Board on April 28, 1960 with Mr. Cavicchi as chairman, Mr. Washburn, vice-chairman, and Mrs. Young secretary-treasurer.

A brochure containing a proposed agreement between the Towns of Plymouth and Carver, Mass., with respect to the formation of a regional school district; a drawing, floor plans, and estimated cost of the proposed high school; and the recommendation of the Regional Planning Board were compiled and copies mailed to every registered voter in the two towns. The Regional Planning Board stated that "it is the unanimous opinion of its members that a regional school is the ideal solution to the educational problems of both towns."

Early in October, after many public meetings had been held, the voters of Plymouth and Carver went to the polls and voted to establish a regional school district. The Regional Planning Board then became the Interim School Committee for the district.

The Plymouth-Carver Regional District School Committee held its first meeting on October 18 and organized with Mr. Cavicchi as chairman, Mr. Washburn vice-chairman, and Mrs. Young, secretary. In order to expedite the planning of a school, it was agreed that the Plymouth High School Building Committee would work with the Regional School Committee in an advisory capacity.

At special town meetings held in November, the district was authorized to borrow $100,000 to purchase land from the Town of Plymouth and pay for architects' services. A sum of money was also appropriated for operating expenses.

Mr. Cappannari was appointed to serve as temporary treasurer for the district without compensation until the regular regional school committe takes office in March. It will also be the duty of the new committee to appoint counsel and to select a name for the school.

The committee adopted a seal for the district and also met with the Plymouth School Committee to interview candidates for the position of Superintendent of Schools for the Town of Plymouth and the regional school district. Mr. F. Edward Nicolas was appointed to this position.

Many meetings have been held, including meetings with the architects and Advisory Building Committee, and it is hoped that the voters will approve the bond issue when it comes before them at a later date as it is only then that the Plymouth-Carver Regional High School can become a reality.

ANNUAL REPORT OF THE SCHOOL COMMITTEE AND THE SUPERINTENDENT OF SCHOOLS

To the Residents of the Town of Plymouth:

I herewith submit my first annual report in cooperation with the School Committee.

Incorporated herein are the reports of the Principals, Director of Guidance, Special Subject Supervisors, Dental and Medical Departments, and the Supervisor of Attendance.

The many problems facing the Town of Plymouth concerning schools are not localized. Practically every town in the Commonwealth is faced with increased school costs and the construction of one or more school plants.

Our most urgent concern in Plymouth at this time is the need for a new secondary school. The present high school opened in September of this year with 505 students. The projected enrollment of September of 1961 is 578 students. The following year, September of 1962, the enrollment is estimated at 946 students. This is figured on a four-year high school program.

The present physical facilities of the senior high school and the continuation of the seventh grades on double session has restricted the entire curriculum as well, forcing the elimination of music and converting the library into classrooms. Educationally speaking, the situation is far from desirable. We must move immediately in order not to shortchange our students of the quality and types of courses needed to equip them to take their place in society.

If the present projected plan is followed through, the junior high will house grade six and some of the fifth

grades. The senior high school will house grades seven and eight. The enrollment would be in the vicinity of 800 students. This would free some classrooms at the elementary level and allow classes to be rescheduled and eliminate congestion to some degree.

Miscellaneous

Being new to Plymouth it is difficult to write a report at this time, but I do feel that serious consideration should be given to the establishment of a kindergarten program as soon as the opportunity presents itself.

A pre-school census has already been completed in the Manomet area, and in the spring the census for the remainder of the Town will be completed. This will give a fairly accurate picture for the next few years where our major needs may develop.

The possibility of continued growth in the Manomet area has caused the School Committee to insert an article in the Warrant for a committee to be appointed to study the situation. It appears at this time that for the school year 1961-62 we will be able to meet the projected enrollment for the school, but certainly it is not a desirable situation.

The High School Science Department is participating in the N.D.E.A. P.L. 85-864, Title III and our Guidance Department under Title V of the same Public Law.

The following is just a part of the use made of Public Law 874 funds.

Textbooks, Film Library, etc.	$4,921.81
Lighting Renovations at the Senior High School	972.28
Science Equipment	2,164.12

The complete list can be found in the Financial Statement of the School Department.

School Plant Improvements

The following improvements were made in the school buildings during 1960:

Junior - Senior High School

Gymnasium balcony converted to storage room.
Parking area extended and graded.
Fluorescent lighting installed in several classrooms.
Pneumatic control system repaired.
Storage cabinets were built in manual training room.
Fencing installed at junior high entrance.

Burton School

Five new exit doors built and installed.
New bulkhead constructed.

Hedge School

Drinking fountains and janitors' sinks installed.

Mt. Pleasant School

Radiator traps repaired.

Faculty Retirements

Two teachers retired in 1960 after many years of service in Plymouth:

Mrs. Lydia J. Gardner, Head of the Business Department in the High School, has taught in Plymouth for thirty-one years. Mrs. Gardner has been an outstanding teacher. She will be missed in the Plymouth High School, but she is wished much happiness in her retirement.

Mr. Arthur G. Pyle, Head of the History Department in the High School, has taught in Plymouth for twenty-nine years. He has been a valuable member of the faculty as well as a friend to his students. Mr. Pyle is wished success in his continued association with the Plimoth Plantation.

Staff Resignations

Mr. Chester V. Sweatt, Superintendent of Schools, resigned from the Plymouth school system to accept a position as Assistant Superintendent of Schools in Quincy. Mr. Sweatt carried with him the good wishes of the School Department in his new position.

Charles T. Harrell — High School
George M. Murphy — High School
Mrs. Mary C. Pence — Junior High School
Mrs. Arlene M. Furtado — Cornish School
Francis R. Verre — Cornish School
Mrs. Ann M. Tosi — Hedge School
Enzo J. Monti — Manomet School
Miss Roberta F. Jones — Jr. - Sr. High (gym)
Mrs. Ethel G. Shiff — Elementary (gym)
Miss Ellen Rasmussen — Cornish School

In conclusion may I urge the residents of Plymouth to continue their support of their schools, for an educated society is the only answer for the future of our country.

ANNUAL REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Plymouth High School experienced some changes in 1960. Some of these were of a positive nature and others must be placed in a negative category. It should be pointed out, however, that where the high school is concerned, a proposed step may be taken only after consideration of three questions:

1. What effect will it have on the existing high school?
2. What will this do to the junior high school with which we have not only the usual academic ties but the close bond brought on by living in the same house, as it were, and the disadvantages resulting from the common use of inadequate facilities?
3. Is this in keeping with the proposed educational plan for the new high school?

By assigning the 7th grade to the afternoon session it has been possible to continue the same courses previously offered at the high school level. In 1961, however, it will be necessary to take two rooms previously used by the junior high school. To continue the same program in 1962, without additions of any kind, more room will be needed for high school use. The expedient of taking over rooms formerly used for junior high school purposes, partially solves the housing problem for the high school but results in the creation of a problem for the junior high.

If we are to meet already existing needs there are three areas in which a reduction in class size is imperative: (1) Science, (2) Foreign Language, (3) Home Arts. Pressing in these areas is the need for more adequate

laboratory space and more instructors. In order to get the former it would be desirable to transform some present classrooms into laboratories. The result would be a decrease in the number of classrooms and a necessary increase in the size of classes, instead of the needed decrease — a perfect example of "robbing Peter to pay Paul."

The guidance services in the school have been expanded to a degree. However, until such time as the full complement of personnel is available, much must remain in the blueprint stage. It is encouraging to see the rapid pace at which services have been made available to students as a direct result of the close working relationship between administration and guidance personnel.

It is a source of satisfaction to note from reports which have come to us from technical schools and some colleges that the decision to establish a course in Mechanical Drawing was a wise one. Those of our former students who have had occasion to use the skills acquired have attested to the soundness of the training received.

Two innovations were introduced during the year and they appear to have merit. The first involves a selected group of sophomores who have been assigned to a special course in Home Arts and Shop. While only a few students can enroll in the course, it is already obvious that a need is being served. The second has to do with the third and fourth years of College Mathematics. A serious attempt has been made to set up classes on the basis of ability (proved by performance) grouping. This, of course, is the first step leading toward acceleration in the form of advanced courses for the able who are willing to undergo the necessary discipline demanded by work at this level.

The Student Activities Society of Plymouth High School continues to add to its already considerable repu-

tation. Requests for information about the organization come to us from other schools in increasing numbers. Our representatives to statewide Student Government Days, to the Tufts Youth Conference, and at regional group meetings have enhanced the prestige of the school. The decision of the student body, spearheaded by their officers, to design and adopt a standard school ring has demonstrated the high level of efficiency at which the organization can work. The organization has had added to its responsibilities the coordinating of all the social and political (election of officers and representatives) activities of the school. This is a task of considerable importance and has been executed in a most satisfactory manner. The effective manner with which the organization has cooperated with the faculty in some areas of self discipline is a source of encouragement to those who desire to see expanded activity in this respect.

An annual report from this office would be incomplete unless it contained a word of praise for the faculty of Plymouth High School. As I have said repeatedly, Plymouth is indeed fortunate in its corps of high school teachers.

Respectfully submitted,

LAWRENCE M. BONGIOVANNI

ANNUAL REPORT OF THE JUNIOR HIGH SCHOOL

The extremely serious congestion problem which has existed in this school for several years reached an all time high this past September when 806 pupils were enrolled. It became absolutely necessary to introduce double sessions. 543 pupils were enrolled in the morning session which runs from 7:55 A.M. to 1:09 P.M. and consists of the students in grade nine, grade eight, and the Special Class. The enrollment in the afternoon session which runs from 1:15 P.M. to 4:55 P.M. and consists of the students in grade seven was 263. In order to put this program into operation it was necessary to reduce the number of periods per day in both sessions from seven to six. This change was made possible by eliminating the activity period.

As eleven additional faculty members were added to the staff the average class size has been considerably reduced, thus creating a much more wholesome teaching-learning situation. This tends to alleviate the loss of a daily period in both sessions and the shortening of the length of the periods in the afternoon session.

Grade nine classes vary the most in size because of electives. At the present time the range is from twenty-two to thirty-five students. In grade eight the class size varies from twenty-five to thirty and in grade seven from twenty-five to twenty-nine pupils. Previous to this year many classes contained forty or more pupils.

It will be necessary to continue the double sessions next year as the enrollment of this school will be approximately the same and the senior high school, because of increased enrollment, will need two classrooms now used by the junior high school.

Grade 9	184	5	
Grade 8	242	7	
Grade 7	255	7

Guidance services have been considerably increased. The two staff members who served as guidance counselors previous to this year were each required to teach three academic classes a day. They have been relieved of all teaching assignments, thus giving the school two full time guidance counselors. The addition of a director of guidance to the school system has also helped improve the program. More time for individual counseling and testing is now available. Last spring a new testing program was made available in grade nine for all students who wished to participate; and this fall the grade eight testing program, which includes all grade eight students, was revised and improved.

The crowded condition in the cafeteria has been relieved, as the number of students using the cafeteria in the morning session is much smaller than the number in the entire school who had to use the cafeteria last year. This has created a much more wholesome situation with adequate seating for all. Milk is provided for students during recess in the afternoon.

Certain changes have been made in the curriculum which have proved advantageous. The College Preparatory Curriculum in grade nine has been revised to provide five major subjects for all students who wish to take them. The number of pupils taking five subjects in this area has increased from six last year to forty this year. French was made available last year in grade nine, and the number of students electing it has increased from thirty-three to sixty-one. Earth Science was introduced this fall as a new course and made available to college preparatory students. Eighteen students elected it. No science had been available to preparatory students last year. Eighty-four Business Education Curriculum students are also taking Earth Science.

The reading program in grades seven and eight has been continued and intensified. There are two groups now in both grades. This has been made possible by adding another teacher qualified for this work.

Due to the addition of eleven faculty members, two resignations, and the transfer of five teachers to the senior high school, the number of new faculty members on the staff is eighteen. This represents forty-one per cent of the entire teaching personnel of the school. One additional teacher for grade nine will be needed next September because of the anticipated increase in the number of students taking five major subjects.

Because of the increased enrollment, the increase in the size of the staff, and the double sessions, it became

necessary to establish the position of assistant principal. Mr. William Gault, Jr. was appointed to this position.

The teachers and pupils have adjusted themselves very well to the double sessions. The new faculty members have entered into the school program with relative ease. Plymouth is indeed fortunate to have retained so many fine teachers and to have obtained so many good new teachers. The student body has certainly cooperated during this period of change and is indeed proud of its achievements.

In closing, I wish to express my appreciation of the faculty, secretarial staff, custodians, and cafeteria employees of the Junior High School. Without their complete cooperation and assistance the level of success achieved would have been impossible.

Respectfully submitted,

LORING R. C. MUGFORD

ANNUAL REPORT OF THE DIRECTOR OF GUIDANCE

At this time, the so-called "Space Age" when much emphasis is being placed on the identification of the talented, it is fitting that the Plymouth School Committee has made provision for the appointment of a Director of Guidance and an expanded guidance program. The Guidance Staff is composed of the following personnel:
Director of Guidance — Edwin E. Calvin

Senior High School Counselors —
Mrs. Hector Patenaude
Mr. Edwin Calvin

Junior High School Counselors —
Mr. William Gault, Jr.
Miss Muriel P. Carlson

Mention was made above of "identification of the talented"; one of the objectives of the guidance department is to help **every** pupil, through personal interview and interpretation of tests, to understand his strengths, weaknesses, aptitudes and interests, and to provide him with whatever assistance needed in working out his program and plan for the present and future. This planning covers several areas: personal-social, educational, and vocational.

Since the guidance and testing program covers grades one through twelve, this report will consider activities at three levels: the elementary, the junior high, and the senior high schools.

At the elementary level, school ability tests are administered in the fall in grades one, three and five; in the early spring, achievement tests are given to grades four, five and six. Interpretation of the rsults of these tests

and study of grades achieved by elementary pupils aid the guidance staff and principals in pupil placement in seventh grade.

Twice a month the Plymouth school system has the professional services of Dr. Vardack, psychiatrist from the Judge Stone Clinic. In all of the elementary schools, Miss Swett, the School Nurse, provides the liason between Dr. Vardack and the elementary principals. This service is of great value in that it offers assistance to principals and teachers in understanding and managing pupils' behavioral and emotional problems.

In the junior high school this year, we have instituted up-to-date batteries of intelligence and achievement tests. As these tests are interpreted by the guidance staff to teachers, parents and pupils, there should be a better understanding of pupils' academic progress and placement.

By the end of the school year, individual conferences will have been held between all of the junior high school pupils and the guidance staff; in many instances, several conferences have already taken place with separate individuals. These interviews deal with such matters as work habits, subject failure, report card honors, placement, school achievement, conduct, personal-social or emotional problems, vocational and educational information. Conferences are also held between guidance staff members and members of the administrative staff, teachers, parents, school nurses and the attendance officer. When requested, individual intelligence tests (Stanford-Binet or Wechsler) have been administered to pupils in both the junior and the senior high schools. Considerable group guidance has been conducted in the junior high school in the following areas: orientation, placement, understanding of course offerings, explanation of group testing programs (such as the National Educational Development Test), class organization involving election of

class officers, and college admission requirements. The Director of Guidance, with the cooperation of his staff and the school nurses, arranges conferences between Dr. Vardack and individuals or groups from both the junior and the senior high schools.

Relative to the testing program in the senior high school, the following tests are administered and, it is important to point out, interpreted to the students:

A battery of tests covering school ability, occupational interest, reading ability, clerical aptitude and space relationships. This battery is given in the tenth grade, and in addition to interpreting the results and discussing the significance of the scores, each pupil is given a summary of the scores with a comparison of his performance to that of his classmates.

The P.S.A.T. (the Preliminary Scholastic Aptitude Test). This can be regarded as a "practice session" for the college entrance examination test described below. The P.S.A.T. is available to juniors and seniors on a voluntary basis.

The N.M.S.Q.T. (The National Merit Scholarship Test), administered to juniors on a voluntary basis, is not only a screening device for the largest scholarship-granting program, but is an additional guide in counseling students relative to their ability to undertake college-level work.

In addition to the foregoing tests administered at the high school, we have distributed materials concerning the College Entrance Examination Board's S.A.T. (Scholastic Aptitude Test), Achievement Tests, and Scholarship Service; through the use of check lists and announcements, a careful follow-up was instituted to insure proper and timely registration by the students for the tests.

Because of the thoughtful study and careful planning needed on the part of college-bound students, the Guidance Staff and Mrs. Raymond, Dean of Girls, have worked closely with these students to counsel with them in the wisest possible choice of a college in light of their interests, abilities, needs and financial status. In relation to this activity, the Guidance Department aided Mr. Bongiovanni, senior high school principal, in the arrangement of a Parents' Night for College-Bound Seniors. This meeting was well attended and it was considered worthwhile.

As an aid in counseling students with regard to their vocational training and occupational choice, the counselors' offices in both the junior and senior high schools have a growing library of materials on jobs and careers which are available to all pupils. This year an excellent book on career opportunities was given to every junior. Another counseling tool is the series of Northeastern University Career tape recordings.

Members of the Guidance Staff have attended state, industry, and college-sponsored meetings of guidance personnel, and have visited many colleges and schools where they have had the opportunity of becoming acquainted with the admissions officers.

Believing that there is a mutual responsibility shared between the school and agencies outside the school, the Director of Guidance is attempting to become acquainted with as many men as possible in businesses, professions and government. To cite one example: because Plymouth has no vocational training facilities beyond the ninth grade, it is important that we be able to place qualified students where they may learn one of a number of trades. With this in mind, the Director of Guidance has visited a number of trade schools in this area, and as of the time of this report, we have been successful in placing two boys in one of these vocational training schools.

It is a major goal of the Guidance Department to render service not only to the pupils and staffs of the Plymouth schools but also to the community; we feel that in this first year of an expanded program that we are making good progress.

Respectfully submitted,

EDWIN E. CALVIN
Director of Guidance

ANNUAL REPORT OF THE VOCAL MUSIC SUPERVISOR — ELEMENTARY

1960 has been a year of progress toward the goals set for the music program in the elementary grades.

In June a questionnaire sent to each teacher in the elementary grades formed the basis for some revisions in the course of study. In September each teacher received a list of songs to be memorized as part of the regular classroom work in music. These include folk songs, art songs, and patriotic songs that have become a traditional part of standard song literature. With a monthly song of this type for each grade, the children will have a memorized repertoire of at least sixty songs to take with them when they leave us at the end of the sixth grade.

Also, as part of the listening program, a list of well-known and worthy musical compositions has been drawn up for each grade. These thirty compositions are to become familiar enough to the children so that they can readily recognize them and name the composer.

The string program has constantly expanded, with fifty-three children studying violin, and one viola, at the present time. This has developed into orchestral units in each of the schools containing grades five and six.

The school glee clubs and these orchestral units have made numerous contributions in programs for the school and the community. In addition, the Cold Spring School Glee Club furnished music for the National Council of Social Studies of the N.E.A. which met at the High School Thanksgiving night under the auspices of Plimoth Plantation.

In answer to a demand by some of the young string players who have moved on to Junior High School, the "Plymouth Youth Orchestra" was organized November

2. This group is available to all young people of school age who have achieved sufficient skill in playing. Its present personnel consists of ten violin, two clarinet, two flute, two trumpet, one trombone, two percussion, and two piano. The orchestra meets at the High School each Wednesday from 3:15 to 4:15. It made its debut after only four rehearsals, and shows great promise.

I am increasingly concerned by the absence of general music instruction at the junior and senior high school levels. As I meet and talk with the young people from these schools, it is obvious that they deeply feel this omission, for there is a wealth of musical ability in these grades awaiting the opportunity for further development. I hope that the time is not far distant when these two fine schools can build on the musical foundation which we are trying to establish in the first six grades.

Respectfuly submitted,

GRACE MESERVE

ELEMENTARY PHYSICAL EDUCATION REPORT

Due to the fact that I have been in Plymouth such a short time, I can only state my own observations. In the Plymouth Elementary Schools the present tendency is for the classroom teacher to take a definite and active part in teaching Physical Education. In this light the Supervisor of Physical Education spends a minimum of fifteen minutes and a maximum of thirty minutes per week with each class for instruction in Physical Education, therefore making it imperative for the classroom teacher to take an active part in teaching Physical Education. In addition, the Elementary Supervisor tries to co-ordinate the major areas of Games and Contests, Self-testing exercises, Rhythms, and Conditioning Activities in order to promote a physically fit, socially minded, and creative individual with the basic skills, strengths, and coordination to cope with the more specialized activities which will follow after elementary school.

I would suggest the following improvements in this area:

1. Provide a facility for winter activities for an after-school activity program.
2. A town intramural program for grades five and six.
3. An after-school playground experience for the lower elementary grades.

Respectfully submitted,

ROBERT D. HASELTON

ANNUAL REPORT OF DENTAL CLINICS

January 1960 — December 1960

I hereby submit my annual report:

The usual dental examinations were given in the fall by the School Dentists and the parents notified as to the results.

Elementary Schools

Puipls examined	1,262
Pupils with all needed corrections made	649

Junior High School

Pupils examined	758
Pupils with all needed corrections made	288

Senior High School

Pupils examined	531
Pupils with all needed corrections made	176

The above figures reveal the necessity for more co-operation in relation to correction of dental defects, especially in Junior and Senior High Schools.

As children grow older the percent with good eating habits decreases. Teenage boys and girls eat "what they want, when they want it."

In the elementary grades reports show more and more children having regular appointments with the dentist. In many cases this care does not start when the child is very young — as it should. Therefore temporary molars are lost too soon and many permanent molars are decayed beyond repair before a dentist ever sees the child's teeth.

We have recommended more study hours in nutrition in the Junior and Senior High Schools.

These three factors are of major importance:

1. A well-balanced diet low in sweets.
2. Early and periodic dental check-ups.
3. Correct toothbrushing right after eating.

The dental program should be carried on between home and school, and the responsibility for the dental health practices of children must remain with the parents.

In view of the fact that the United States Public Health, American Medical Association and American Dental Association are so enthusiastic in their support of fluoridation of town water, Dr. Ortolani and Dr. Dyer wish to remind the townspeople that they are missing an excellent opportunity to reduce tooth decay in the teeth of the children in Plymouth.

In May, 176 pre-school children were examined with the parents present.

Children needing no treatment at this time	69
Children having a family dentist	52
Children referred to dentist	55

Percentage of Dental Corrections

Pupils examined grades 1 - 6 in fall of 1959	1,313
Pupils with all needed corrections made	662

Results of these examinations as of June 1960

Cold Spring School	90%
Mt. Pleasant School	84%
Oak Street School	72%
Cornish-Burton School	71%
Hedge School	59%
Manomet School	58%

Oral Hygiene

Oral Hygiene talks in the classroom by Dental Hygienist grades 1 - 6	397
Pupils having a dental prophylaxis (cleaning of teeth)	907

This is a part of the educational program.

Our local radio station WPLM was very cooperative during National Children's Dental Health Week by making spot announcements of the program.

In June I attended a two-day In-Service Training Course for Dental Hygienists in Public Health which was held at "Forsyth" in Boston.

Dental Clinic

We are most grateful to the Commission of Public Safety, Health Division, for continuing to recondition and replace outmoded dental equipment.

Clinic sessions (reparative work and examinations)	80
Completed cases at clinic	75
Fillings in six-year molars (permanent teeth)	94
Extractions	
Temporary (Baby teeth)	72
Permanent (Special-class pupils)	8
Treatments (including X-ray)	146
Amounts received for clinical services rendered:	
Fees returned to the Town	
For toothbrushes sold (part of educational program)	97.96
For dental prophylaxis	89.40
For filling and extractions	14.50
	$201.86

The cooperation of the principals, teachers, school nurses and dentists has been greatly appreciated, and again our sincere thanks to the Commission of Public Safety, Health Division.

ANNUAL REPORT OF THE ELEMENTARY SCHOOLS

The reports of the elementary school principals, Mrs. Elouise Cashin, Mr. Emmett Finck, Mrs. Helen Manchester, Mr. George Theodoras, and Mrs. Eleanor White are summarized below.

Plymouth parents have been most generous during the past year with their assistance in helping the elementary schools to function effectively. Through their Parent-Teachers organizations they have served as chaperones on field trips, assisted in the pre-school clinics, served as librarians, welcomed parents of new pupils on the opening day of school, purchased books for school libraries, given pieces of equipment to their schools, provided transportation for pupils on field trips, and made themselves available to help when needed for any school activity.

In addition to intensive classwork many other activities have gone on during the past year. A few are listed below.

Grades four and five and special classes visited the Mawflower and historical sites and museums in Plymouth.

Second grades visited the local radio stations, fire station, post office, and the telephone company.

Several student teachers have done their practice teaching in our schools under the direction of certain teachers.

Science Fair and Book Fairs were held in various schools.

A demonstration and exhibit of work in art was held at the Cold Spring School under the direction of Mrs. Violet Berry, Elementary Art Supervisor.

A Spelling Workshop was held for all elementary teachers with a representative from the Charles Merrill Publishing Company conducting the meeting.

A Reading Workshop conducted by a representative from the Ginn Publishing Company was held for teachers of grades four, five, and six.

Our elementary school teachers received service and help from the Judge Stone Child Guidance Clinic in Brockton.

Fifth grades participated in the Audubon Nature Study Program.

The World Book Company Language Series was placed in all elementary schools. This series was chosen after careful study and deliberation on the part of the teacher's language committee.

Accident insurance coverage was made available to all pupils through the R. A. Derosier Insurance Agency of Boston, Massachusetts.

Conferences concerning Educational TV were attended by principals.

Pupils participated in the school savings programs sponsored by our local banks.

The Hay-Wingo Phonetic System was put into operation in various first grades throughout the system.

Last October Metropolitan Achievement Tests were administered to grades three, four, five and six in all schools. Kuhlmann Anderson I. Q. Tests were administered to grades one, three, and five at approximately the same time. The Stanford Binet I. Q. Test has been administered to individual pupils throughout the school system.

The tests accompanying our reading textbooks have been given regularly.

Educational TV has become a permanent part of our curriculum with the result that French and Science have proved to be of most interest to our pupils.

The following recommendations are made:

1. Continue studies leading to revision of the elementary curriculum.
2. Make provisions for gifted children.
3. Continue the development of school libraries.
4. Continue bringing old equipment up to date.
5. Continued purchase of films for elementary schools.
6. If French is to become a permanent part of our curriculum, a French teaching supervisor should be employed by the school department.
7. Assistance should be obtained for pupils who have speech defects.
8. Morning sessions only, for grade one the first two weeks of school.

ONE HUNDRED AND SIXTH

ANNUAL REPORT

OF THE

Water Commissioners

AND

Superintendent

OF THE

Town of Plymouth

MASSACHUSETTS

FOR THE YEAR ENDING

DECEMBER 31

1960

One Hundred and Sixth Annual Report of the Water Commissioners

The Board of Water Commissioners submits the One Hundred and Sixth Annual Report covering the calendar year 1960.

The total rainfall during the year amounted to 46.46 inches, which is slightly in excess of the annual average. An annual rainfall of 45 inches is a long-time average for this area. The year ended with the water elevation at Little South at 106.00 feet compared with 107.08 feet for the previous year. The generous rainfall occurring during 1958 and 1959 was an important factor in maintaining the high pond levels during 1960.

On February 22nd the Fairbanks-Morse Diesel engine and pump unit, operated for the last time. This unit was removed and sold for junk to provide space for the new electric motor-driven pumping equipment. On May 18th the two 30 HP electric motor-driven centrifugal pumps, each equipped with a gasoline engine standby unit, were put into service. Engineers from Metcalf and Eddy conducted the acceptance tests and their report indicated that all of the new equipment satisfied specifications.

On November 16th, the low service or gravity system, was discontinued, including abandoning of the low service open ground reservoir on Allerton Street. All former water takers from the low service system were transfered to the high system. The Selectmen were notified by the Water Commissioners that the Water Department no longer had any use for this property abutting Allerton and Seaver Streets, on which the open reservoir was constructed, and requested the Selectmen immediately assume jurisdiction over this Town owned property.

In abandoning the low service system, many of the underground mains from this system were utilized by connecting them up with the high service water. As a result of this higher pressure in the old mains and services, a considerable number of leaks and breaks in the mains developed.

Warnings were issued on September 11th by the United States Weather Bureau on hurricane Donna. All storage tanks and reservoirs were filled to capacity and kept filled until 5:45 p.m. on Tuesday, September 12th, at which time the electric power supply to all of the pumping stations, including Manomet, failed. The Wolverine Diesel engine and pump standby unit was immediately started. At Deep Water Station, where water is repumped from the high to the extra high system, the electric power was off for a period of thirty hours. This made it necessary to put the portable gasoline engine-driven pump into operation by hooking the suction up to the high service water and repumping into the extra high system. In Manomet the power was off for a period of forty hours at the Wanno's Pond Deep Well Pump, which made it necessary to start the gasoline engine auxiliary power.

From the sale of water, connections to new mains, services rendered, etc., the Town received $123,018.80. Water revenue for 1960 exceeded the 1959 amount by approximately $20,000.00, which was due to an increase in the rates. The increase, which amounted to 50%, was put into effect with the May 1960 billing.

The Buckingham elevated water tank was repaired and painted. Both exterior and interior were wire brushed and cleaned and given two coats of paint.

A new set of bronze wire screens were built for the intake house at Little South Pond.

Improvements to the Town Water System

Two important changes were made during the year, consisting of the discontinuance of the low service system and the conversion to automatic electric driven pumping equipment at the Lout Pond Pumping Station. The project of abandoning of the low service system was started approximately fifteen years ago, and it has been a necessarily slow, step by step operation, inasmuch as the condition of some of the old underground pipe was not known until the higher pressure was let into the pipe. With the discontinuance of this low service system, the Town water supply now complies with all the recommendations of the State Department of Public Health.

The installation of the automatic electric driven pumping equipment at the Lout Pond Station has increased badly needed pumping capacity. The present total pumping capacity, which includes the Lout Pond Station electric driven pumps, the Lout Pond Deep Well and the Manomet Wanno's Pond Deep Well, is 3,700 gallons per minute. The new equipment does not require as many operator man hours as did the former manually operated Diesel driven pumps, which permits use of the Assistant Chief on other departmental work.

ANNUAL REPORT

OF THE

Board of Selectmen

OF THE

Town of Plymouth

MASSACHUSETTS

FOR THE YEAR ENDING
DECEMBER 31

1960

ANNUAL REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen has worked diligently to carry out its obligations to the best of their ability and is appreciative of the cooperation of all Town Committees, Boards and Departments.

The Selectmen held numerous hearings on street layouts which the town will be asked to accept as town ways.

Street lighting has given the Selectmen some problems since the school has gone on double sessions and we are requesting money to increase all 600 lumen street lights to 1,000 lumen. There are roughly 700 of these lights throughout the town.

The shore protection program that had been delayed, has finally begun to develop. Bartlett Brook and Warren's Cove have been completed and the work on the sea wall at Plymouth Beach is to start very shortly.

Speaking of Plymouth Beach, the Board of Selectmen feel that this is one of the serious problems facing our town but, we believe, the General Committee, formed of members of various Boards is the step in the right direction toward showing the Town the course to follow.

Much time and energy has been spent by your Board and the Highway Superintendent on the improving of snow plowing and snow removal. We believe, this year has shown progress in this problem and feel that if some of the additional equipment needed to do the job better is forthcoming, further improvements will be made.

We also feel that the program of street surfacing is progressing nicely and with a grant for future spending, more streets will receive the attention they need.

The Board of Selectmen are conscious of the possibility of the town having expenditures of great amounts facing it in the very near future and the Board pledges to operate all departments under their control in a most efficient and economical way possible.

Respectfully submitted,

FRANCIS P. SHEA, *Chairman*
JAMES T. FRAZIER
SUMNER A. CHAPMAN, JR.
WILLIAM H. BARRETT
GEORGE E. RANDALL
Board of Selectmen.

TOWN FOREST COMMITTEE

To the Honorable Board of Selectmen:

During 1960, the Town Forest Committee planted 5,000 seedlings in the areas where trees have been lost. In some places losses were suffered on account of the dry weather and we plan to plant 5,000 each year until the whole town forest is covered.

Lanes have to be harrowed each year to keep the growth down.

Roads are trimmed out each year as well as the fire lanes.

I would like to remind the people of Plymouth that this committee lost a very able man by the death of George L. Gooding, and he was replaced by Harold G. Roberts who has proven to be a very able man.

Respectfully submitted,

JOHN A. KENNEDY, *Chariman*
JAMES A. WHITE, *Secretary*
HAROLD G. ROBERTS
Town Forest Committee.

REPORT OF COMMITTEE ON INLAND FISHERIES

To the Honorable Board of Selectmen

Gentlemen:

Your Committee wishes to report that the appropriation for the year 1960 was expended for 7-8 inch brook trout which were liberated in Little Pond.

Reports from Great South Pond state that several catches of very large white and yellow perch were made there last summer.

Boot Pond contains a good supply of large pickerel.

Our efforts to obtain either white or yellow perch were unsuccessful this year.

We request that the sum of three hundred dollars be appropriated for our use in 1961.

Respectfully submitted,

FRANK L. BAILEY, *Chairman*
WILLIAM R. WOOD
MARTIN B. PERSON, JR.

REPORT OF THE TOWN ENGINEER

To the Honorable Board of Selectmen:

During 1960, layout plans were made for Elm Street, Spruce Street, Pine Street, Hemlock Street, Bates Road, Extension of Beach Street, Bunker Hill Road, Dwight Avenue, Quaker Road, Vine Brook Road, Karle Place and Alteration of Nicks Rock Road. These layouts were accepted by the Town in 1960.

A layout plan was also made for Lake Drive, but this layout was not accepted by the Town.

A survey was made of Bartlett Road preparatory to the laying out of this road in the near future.

A survey and plan were made for a drainage easement on Clifford Road.

Plans and specifications were drawn and lines and grades furnished for a new sewer from Cherry Street Court to Bourne Street. This project was built by private contract in the fall of 1960.

Lines and grades were furnished for the new curbing at Jabez Corner and for the rounding of the corner at Obery Street and Sandwich Street.

A total of 101 permanent concrete bounds were set under the supervision of the Town Engineer as follows: Elm Street, 4 bounds; Bates Road, 4 bounds; Beach Street, 4 bounds; Hemlock Street, 8 bounds; Pine Street, 8 bounds; Spruce Street, 8 bounds; Vine Brook Road, 12 bounds; Center Hill Road, 14 bounds; Knapp Terrace, 8 bounds; Nicks Rock Road, 4 bounds; Karle Place, 10 bounds; Dwight Avenue, 7 bounds; Bunker Hill Road, 6 bounds; Westerly Road, 4 bounds.

Respectfully submitted,

EDWARD CHASE,

Town Engineer.

OFFICE OF VETERANS' SERVICES

To the Honorable Board of Selectmen

Plymouth, Massachusetts

The following is the report of the Veterans' Services Department for the year 1960.

The expenditure of relief funds was considerably higher this year for there were more Veterans and dependents requiring aid due to illness, strikes and unemployment.

The strike situation was a large factor in this year's budget.

REPORT OF INSECT PEST CONTROL

To the Honorable Board of Selectmen:

All elm trees which we could reach were sprayed with a 12% DDT dormant spray and another 6% DDT spray was used later in May for elm leaf beetles.

We still have less than one-half of one percent on Dutch Elm Disease. We maintain that our good control is due to the good coverage of DDT that we get on night spraying. This year we had about 10 cases of Dutch Elm Disease, and 1960 was as bad as any year I have seen for elm leaf beetles, aphids, red spiders and mites, due mostly to weather conditions.

Our 1936 model sprayer will have to be replaced this year as it is in very bad condition due to dry rot.

Clark's Island was sprayed last year for tent caterpillars and another spray two weeks later for Japanese beetles.

One other insect which will need attention in 1961 is the saw fly which was very bad last year.

This department plans on some airplane spraying in 1961.

Respectfully submitted,

JOHN A. KENNEDY,

Superintendent Insect Pest Control.

ANNUAL REPORT OF THE COMMISSION OF PUBLIC SAFETY

February 21, 1961

Honorable Board of Selectmen:

The Commission of Public Safety respectfully submits its annual report for the year 1960. Reports of the various departments under the Commission will appear in detail following this report.

The Commission thanks the personnel under their control for their services to the Town. Also we have endeavored to cooperate with all town departments for the best interest of the Town.

Our Health Division in a program of accelerated health work and the Commission members, who are the Board of Health, have gained respect for this Town in their dealings with health problems from the Southeastern Health Association.

The repairing and renovation of the Police Station now underway and the construction of a new Fire Station in Manomet nearing completion will definitely be an asset to our community.

With regular meetings scheduled every Monday night plus special meetings and field trips the Town can rest assured we have the deepest concern for the protection of the citizens of our Town. If you read carefully and compare with previous years the reports of the several divisions of the Commission you can see our activities have increased greatly.

We would like, at this time, to thank Patrolman Winter and Firefighter Leslie Gray, who retired in 1960, for their loyal and faithful services to the Town.

The reports of our departments now follow:

The Town having approved an appropriation of $25,000 at the annual Town Meeting of 1960, a new pumping engine was provided the fire department in January of 1961. This fire engine left the Seagrave plant in Columbus, Ohio on December 29, 1960 and arrived in Plymouth on January 6, 1961 at 1:30 p.m. This engine, after a thorough testing in the presence of the underwriters, fire chief and others was accepted by the Town on January 14, 1961. Following two weeks of training and application, this engine, No. Four was formally placed in service on February 1, 1961.

This engine was provided to the department as a replacement for the old Engine Four which was twenty-five years old and no longer capable of dependable fire service.

This engine provides a definite advance over anything we have in the department. In addition to many technical advances which this engine possesses and too numerous to mention, it is capable of handling oil and gasoline fires far more adequately, handling large truck, tanker and trailer truck fires along our highways, affords a quicker approach to fires in buildings by virtue of its preconnected hand lines, does a more capable job for those people living in the out-water districts by having a 500 gallon water tank, provides a greater pumping

capacity both for heavy stream devices as well as 2½" lines.

With the introduction of this piece of apparatus it can be more correctly termed a fire fighting appliance than just a pumping engine. The introduction of this engine with a front end connection coupled with soft suction hose provides a better manpower distribution at building fires. Where it formerly took two firefighters to attach a pumping engine to a hydrant, this evolution is now accomplished by one man, thereby providing one additional firefighter at the business end of the fire. This one feature alone and what it accomplishes at building fires provides a manpower distribution not otherwise attainable with any other piece of apparatus. Of course many additional advantages prevail, but space here does not allow a full treatment. This is a most important addition to our department.

This past year with its very wet spring and summer proved to provide a financial savings in our overall operations. Our expenses were much less than half as related to salaries as normally encountered. This comparatively slow forest fire season also provided an opportunity to maintain our forest kits in as good a condition as possible and it is hoped that thereby we will be in fine shape for the impending spring season. After many disastrous forest fire seasons this one just passed was indeed welcome.

In 1960 a new system was introduced in regard to the work of the Dog Officer. Chapter 49A (Pound Law) went into effect in 1960. This law is for the use of certain animals for scientific investigation, experiment or instruction. Animals are delivered to the Harvard Medical

School after they have been impounded for a period of 10 days and all animals delivered to this school are not always acceptable for scientific research. When animals are turned over to the Harvard Medical School a receipt is signed by the person collecting the animal. For every dog received by this school the County is reimbursed $3.00 for each dog. It was reported by Harvard Medical School that the Dog Officer for the Town of Plymouth has turned over more animals to them than any other Dog Officer in Plymouth County.

ANNUAL REPORT OF PLYMOUTH AIRPORT COMMISSION

The annual report of the Plymouth Airport Commission is submitted herewith.

The office and waiting room were renovated and painted; the south wall of the building was shingled and other incidental repairs were made as required.

The field was constantly mowed during the summer season. The mechanical equipment, truck, tractor, mower and water system were maintained in first class condition.

All property was properly protected and kept in neat order.

Construction of the remaining half of the taxiway is scheduled to begin in April under supervision of Federal and State Authorities by a Plymouth contractor.

Increased attention to the airport has been evidenced since the installation of the field lights, one item of which are corporate aircraft for servicing.

Records indicate a gradual increase of the activity. For example in 1960 the registered flights were 1273 local

and 602 transients as compared to 583 local and 283 transients for the year 1959. The totals enumerated do not include the agricultural flights which are constant during the season from April to November. An estimated 6,850 acres of cranberry bogs were treated in 1960.

Sundry flights of air freight were made during the year, the most important of which were shipments of lobsters from local dealers.

Flights arriving from distant points were from California, Texas, Ohio, Florida, Washington, D. C. and Canada.

There are at present 22 planes based at Plymouth, three of which are used for business as well as pleasure.

An air charter and taxi service to any part of the country was established during the year. Scheduled air service to Boston and Cape Cod is anticipated this year (1961).

Weekly classes of an aviation ground school are conducted in the class room on the upper floor.

Revenue from rental of hangar space, field tie down space, class room rental, sale of oil, gasoline and other services are reflected in the financial section of the Annual Town Report under "Airport."

REPORT OF SUPERINTENDENT OF STREETS AND SEWERS

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit a report of the work done in the Street and Sewer Departments from January 1 to December 31, 1960:

SEWERS

Approximately six miles of our main sewers were dragged and tree roots removed. Manholes were repaired and cleaned with new frames and covers replaced where needed. A new sewer extension was installed on Cherry Street Court from Cherry Street to Bourne Street a distance of 1667′ of 8″ pipe and seven manholes built. This contract was awarded to Elmer T. Holman of Plymouth, Mass. at a cost of $6,989.00. Nine new services on Cherry Street Court have been added to the main sewer system.

STREET CLEANING

The Elgin Motor Pick-up sweeper cleaned one thousand six hundred curb miles from April to November. The main street from Jabez Corner to Seaside Line is swept each day with the side streets in town and the north end swept every other day.

ASPHALT SIDEWALKS

The maintenance and construction of asphalt sidewalks were completed on the following streets: Standish Avenue, west side, from West Street to playground, Standish Avenue on the east side at Cartmell Funeral Home, Peck Avenue to Savery Avenue, south of Hamilton Street, corner of Leyden and Water Streets, Bartlett

Street, Howland Street on the north side, Court Street at property of Manuel Santos, Sandwich Street, from Mt. Pleasant Street to Bay View Avenue, Sandwich Street at Jabez Corner, No. 24 Whiting Street, Court Street, east side, at the Red Jacket, Liberty Street on the north side, Allerton Street on south side, State Highway at Junction of Route 3A and Rocky Hill Road, Cordage Terrace, Whiting Street on east side, from Stephen Street to South Street. Tree stumps were removed on Lewis Street, Allerton Street, Samoset Street and Oak Street and surface repaired with blacktop. Where tree roots had lifted old sidewalk surfaces, necessary repairs were completed.

DRAINS

At the Picard property on Clifford Road, 150′ of 12″ concrete pipe was laid from Clifford Road to Eel River to take care of surface water. One catchbasin was built with inlet at the curb. At Jordan Road, 250′ of 10″ bituminous coated and perforated pipe was laid on the south side to take care of spring water in the road with one small catchbasin installed. The old drain at Nelson Street was discontinued with a new drainage system of 400′ of 12″ concrete pipe laid with two catchbasins entering the 24″ drain through the property of the Plimouth Plaza. The drainage problem at Court Street and Olmsted Terrace was improved by installing 172′ of 12″ concrete pipe in the sidewalk and 42′ of 12″ corrugated pipe across Court Street to the catchbasin on the east side. Two standard catchbasins were built.

FENCES

The old wooden guard rail fences on Allerton Street, Robinson St., and Davis Street were removed and replaced with 4 ft. high chain link fence furnished and installed by the Reliable Fence Co. of Norwell, Mass. A section of the new chain link fence on Summer Street,

damaged from an automobile accident, was repaired by the same fence company. Approximately 75 cement posts in various sections of the town have been replaced caused by accidents. All cement posts are made by the Highway Department.

HIGHWAY CONSTRUCTION AND RECONSTRUCTION

The following streets received a 3″ Type I mix over the old road surface consisting of a 2″ base and a 1″ top: East side of Marjorie Street, Robinson Street, River Street, Wellingsley Avenue, Overlook Road, Overlook Terrace, Priscilla Beach Road and Samoset Avenue. The following streets were surfaced with a mixed in place top of gravel and asphalt 3″ in thickness: Alden Terrace, Pierce Avenue, Halfway Pond Road, Center Street and Valley Road. The following roads were seal coated with ¼ gallon of asphalt per square yard and covered with sand: South Pond Road two miles and Westerly Road one mile. The following roads received an asphalt penetration with ½ gallon of asphalt penetrated into the gravel-base rolled and sealed with a ¼ gallon of asphalt covered with sand: Quaker Road, Wellington Road and John Alden Road. Bourne Road and Mayflower St. included in this road program will be done in 1961.

CHAPTER 90 CONSTRUCTION

Southeastern of Bridgewater, Inc. was awarded the final contract for completing South Street with a 2″ base course and a 1″ top course. The contractor readjusted all grades and frames and manhole covers and frames and set 95 cement posts in dangerous spots along the travel way. Permission was granted by the Department of Public Works to resurface old South Street from the Chapter 90 construction funds.

CHAPTER 90 MAINTENANCE

A special grade of hot mix was laid on Sandwich Street, from Jabez corner to Winter Street, a depth of ¾″ surface. On Court Street, from Hamilton Street to Nelson Street, this same type of surface was laid with a total of 1031.45 tons laid by Campanella & Cardi Construction Company of Sandwich, Mass. Federal Furnace Road received an application of asphalt and sand for a distance of one mile. Red Brook Road in the Bourne and Plymouth section, had shoulders repaired with gravel and hot mix and berms built with hot mix to prevent further washouts. Two hundred tri concrete posts were purchased and will be set up in the spring and painted.

GRANOLITHIC SIDEWALK AND CURBING

177′ of new curbing was constructed in front of the property of Gordon Howland on Water Street. The settled sidewalk at the corner of South Russell and Court Streets was replaced with 8 large new slabs. The collapsed concrete wall at the property of Manuel Santos on Court street had a new concrete replaced. This damage was caused from the heavy surface water on Court Street in this area. Opposite the Puritan Garage, the old concrete walk and curb were removed and replaced with new curbing and concrete sidewalk with the town paying one-half of the cost.

TRAFFIC AND STREET MARKING

White lines and crosswalks were painted in the spring and the fall. Taxi stands and restricted areas were painted yellow. The Highway Department paint shop straightened and repainted several traffic signs and these were set back on posts at a later date. Children signs and stop signs were erected where requested.

STREET ALTERATIONS

After the removal of the old Plymouth County Electric Company building at the corner of Leyden and Water Streets, the old curb was removed and replaced with 68′ of new cement curbing and 57′ of stone curbing reset with new blacktop sidewalk. The roadway was improved with hot mix. One new catchbasin with 25′ of 12″ pipe was installed and the fire hydrant was set back approximately fifteen feet. The sharp corner at Obery and Sandwich Streets was cut back and rounded about twenty feet for a safety measures. 90′ of concrete curb was laid and a new blacktop sidewalk. Two new catchbasins with 30′ of 12″ concrete pipe was installed for drainage purposes. Road surface was repaired with hot mix.

STREET ALTERATIONS

The corner at Sandwich Street at Jabez Corner was improved by removing three large trees, two old stumps and one watering trough. One hundred feet of 6′ chain link fence was removed. Alterations included the laying of 96′ of new curbing with blacktop sidewalk. The roadbed was improved with 2½″ of hot mix.

MISCELLANEOUS

A new truck-mounted sandspreader with a five yard body was purchased in 1960 and has proven very satisfactory to the department. I am recommending the purchase of two more of these sandspreaders in my 1961 budget.

A new 1960 two ton Dodge truck replaces the 1953 Ford dump truck traded in.

The new nine foot blade plow is being used on snow removal work in town.

With the arrival of Hurricane Donna on Sept. 12, 1960, it was necessary to hire crane equipment to clear Eel River and Bartlett Brook from sand washed into them from the high tides. Trees, limbs and debris was cleared by the Highway Department during the hurricane.

The work in the Manomet, Long Pond and Cedarville sections have been carried out satisfactorily by the district foreman. The cutting of brush, gravelling, widening of bad corners, snow and ice removal and scraping of dirt roads were all given proper attention.

The several requests from the Selectmen's office and other town departments were given special attention.

Newly accepted roads by the town have been bounded by the Town Engineer with the bounds made by the Highway Department.

Lines and grades for street and sewer work have been supplied by the Town Engineer, Edward Chase, and records of same filed at his office on Lincoln Street.

Respectfully submitted,

ELMER C. CHANDLER,

Supt. of Streets and Sewers.

REPORT OF DEVELOPMENT AND INDUSTRIAL COMMISSION

To the Honorable Board of Selectmen:

The Plymouth Development & Industrial Commission of Plymouth has been actively in contact with Realtors, Developers and the Department of Commerce of the Commonwealth of Massachusetts in the interest of securing industry to occupy the available vacant facilities in Plymouth. We have numerous potentials but to date some of these potentials have not come to any decision. In fact, one is giving serious consideration but time only will tell.

The Plymouth Cordage Company has spent time and money in the interest of securing industry to occupy the space they have available and this interest is still being progressed.

For the economy of Plymouth, the Commission recognizes that we must have an Industrial Area to encourage industry for new construction; and, with the support of the Plymouth Planning Board, we have worked out three specific areas comprised of 1,930 acres which is being presented at the next Town Meeting, and it is hoped this will be approved and long range planning set up for a new Industrial Development.

The area must initially have Zoning and Industrial Development and for expansion of the development, there are various plans for industry, such as Development Corporations etc.

We have the full support of the Industrial Development Board of the Commonwealth of Massachusetts and

they strongly recommend our request for a Zoned Industrial Area.

Respectfully submitted,

REPORT OF THE HARBOR MASTER

To the Honorable Board of Selectmen:

The 1960 boating season was enjoyed by all.

We were privileged in being hosts to the Sectional Turnabout Championships.

The dragger fleet had another poor season because of the poor fishing.

Another good year was had by the party boat fleet.

Fishing draggers in harbor	14
Pleasure boats in harbor	350
Pleasure boats visiting harbor	860
Party boats in harbor	16
Lobster boats—all types	35

Respectfully submitted,

DONALD L. McDONALD,
Harbor Master.

PLYMOUTH COMMUNITY NURSE ASSOCIATION

To The Selectmen

Town of Plymouth

We are submitting a report of the Plymouth Community Nurse Association, for the period of one year, from October 1959 to October 1960.

This year has brought many changes — but as we look back over a ten year period, the changes are even more apparent. To illustrate, we will give you some statistics . . . . In 1949 — 1950, there were 5197 visits made to patients in Plymouth and Kingston, as compared with 6271 made during 1959 — 1960. In that year, 4906 of these visits were made to patients needing bedside care with the remaining 291 visits as health teaching or supervisory visits. During the ten year period, our supervisory visits have increased to 754 — which shows a substantial increase in our health teaching activities, plus a decided indication of our changing pattern of service. In conjunction with these figures on health teaching I would like to tell you a little about the program of Tuberculosis visiting that we are doing for the Health Department. We attempt to visit each family that has had any contact with Tuberculosis. In some cases, the family is not aware of such contact and so receives a shock when a nurse comes to their door to request them to arrange for an X-ray. A few families react with annoyance and denial but the majority will cooperate fully once they are aware of the importance of a physical check-up. Families often do not realize that Tuberculosis has an undertermined incubation period *and* that resistance susceptibility differ in individuals. Also, in its early stages, Tuberculosis causes few symptoms — and one may feel well and still be in need of treatment. Therefore, ear-

ly casefinding and immediate medical treatment is indicated.

Ten X-ray clinics were held at the Jordan Hospital with a total of 365 patients X-rayed and examined.

There were twenty-four Well Child Conferences held during the past year, as compared with twenty-two in 1949 — 1950. 602 infants and preschool children were examined by Dr. C. James Gormley; nearly 300 more than in 1949 — 1950.

Ten Immunization clinics were held during the year with 556 children immunized against Diphtheria, Whooping Cough and Tetenus. There are, strangely enough, children who have not yet been immunized against these diseases and it is this group that we must try even harder to reach in our daily work and at our Well Child Conferences.

Two polio clinics were held during the year with 505 polio injections given.

This summer, we continued with our camp inspections, adding bath houses to our list. A total of twenty-eight camps, bath houses and tenting areas were inspected by the nurses.

The nurses have continued throughout the year, to attend conferences and classes in in-service education.

On July 1st, Mrs. Eleanor Maini, our part-time nurse, resigned from our staff. We were fortunate in obtaining the services of Mrs. Anne Welcker, of Duxbury, for summer relief.

In September, Mrs. Ethel Groetzinger, of Plymouth, joined our staff as part-time nurse.

Mrs. Christine Darsch, our practical nurse, continues to give us faithful assistance with our chronically ill patients and Mrs. Kritzmacher remains with us as part-time secretary.

In summary, we may say that our program of Board of Health work enjoys continuing growth, with plans under consideration for further service to the Public. Our Well Child Conference attendance shows a steady increase — as does our X-ray and Immunization clinics. Our bedside case load has decreased somewhat, due perhaps, to increased admittance to Nursing Homes. This appears to be a general trend throughout the country.

We wish to extend to the members and friends of our organization, our sincere thanks for the help and encouragement given to us over the past year.

Respectfully submitted,

MARION A. CORCORAN, R. N.

Dr. H. K. Olmsted
Mr. Martin Person, Jr.
Dr. Bryce Prindle
Miss Dorothy B. Reed

Those of you who are interested probably know that The Lindens annex was opened on April 8, 1960 with appropriate ceremonies before a group of about forty members of the Library Corporation, friends and librarians. Dr. Charles C. Forman acted as master of ceremonies. After opening with his prayer, he introduced Mr. John Farrell, president of the Directors, representing the Library Corporation, who discussed the value of libraries and the pleasures to the individual of great literature. The Selectmen were represented by Mr. James Frazier, who said a few words, and by Mr. Sumner Chapman, Jr. Speaking for his department, Superintendent of Schools Chester V. Sweatt congratulated us on our achievement. Miss Marie T. Sullivan brought the greetings of the Division of Library Extension of the Massachusetts Department of Education. Benediction was given by Father Richard F. Norton.

The original linden trees planted about 1765 by Col. George Watson had been diseased for a number of years.

They were replaced in the spring by four new lindens and a ground cover of pachysandra provided by the town's Tree Warden.

Personnel:

On January 11 Miss Alta Bumpus joined our staff. She has found her niche doing reference work.

Service to children was arranged in February by transferring Miss Grace Haigh from Loring Branch Library. Her earlier work with children at the Detroit Public Library is a great benefit to us.

Since July first Mrs. Mary Ellis has been full-time attendant in the Lindens Annex, where she supervises the adult periodical department, the Lord Memorial history room and the Lucia and Mary Bartlett art department.

Miss Carolyn Pratt now divides her time between the main library, where she continues as records assistant, and Loring Branch, where she is librarian, with the capable assistance of Miss Elizabeth Stephan.

Staff Activities:

We have given instruction to Girl Scout groups from Plymouth and Kingston for their readers' badge.

Book review programs were given for the Chiltonville Congregational Women's Guild; Plymouth Methodist W.S.C.S.; the literature committee of the Plymouth Woman's Club; the Plymouth Baptist Ladies' Guild and the Jordan Hospital Auxiliary.

The Library was host to the Old Colony Library Club on November third. A successful meeting attended by over one hundred librarians from forty libraries was held at Memorial Hall following the coffee and registration at the Library.

Members of the staff have attended meetings of the professional groups to which they belong: Massachusetts Library Association, Old Colony Library Club, New England Library Association and the Children's Round Table.

A discussion group open to the general public was organized in September. Called "Great Decisions — 1960" we studied the relations of the United States to other countries. Eight meetings were held. We wish to thank the citizens who have acted as leaders.

Ann Appleton Children's Room:

Miss Haigh is in charge of services for children from pre-school through the sixth grade. Visits to the schools in the spring and fall help to stimulate the youngsters to want to read. Loans of collections of books for classroom use are appreciated by the teachers and children.

Several story hours for grades three and four were held at the library on Fridays in November and December.

Loring Branch:

Teachers with their classes from second and sixth grades have visited the library. Miss Pratt told stories to the young children and gave instruction in the use of the catalog to the older ones.

Due to the double session at Junior High School the library has been opening an hour earlier, at 10 a.m., on school days.

ANNUAL REPORT OF THE PLYMOUTH REDEVELOPMENT AUTHORITY

The Plymouth Redevelopment Authority is progressing with the Summer Street-High Street area as is reported in our last report submitted in 1959.

In January 1960, your Authority opened its office on a full time basis as the application for Federal Funds had been approved and an advance of funds was received.

The Planning and Renewal Associates contract for the final planning was approved by HHFA and will be completed in early 1961.

Mr. Clifford E. Sampson was elected for a five year term at the annual election in March, 1960.

Mr. John Ryan resigned from the Authority as State representative and was replaced by Mr. Russell T. Fry on June 2, 1960 to serve the unexpired term until January 1962.

On July 2, 1960, the Authority submitted a revised budget for planning and survey, and it was approved by HHFA for the amount of $92,000 of which we have requisitioned $30,000 for current expenses and third party contracts.

The Planning Board on the recommendation of the Authority is in the process of updating the Compact as required by the HHFA for future planning of the Town of Plymouth.

Your Authority engaged the services of the William E. Coyle Company of Seekonk to conduct the First Land Acquisition Appraisal of the project area. This Appraisal should be completed early in 1961.

Your Authority also engaged the services of the William H. Ballard Company to conduct the Marketability Study, and also, the Re-use Appraisal which should be completed in early 1961.

Your Authority also submitted to the HHFA, the Eligibility and Relocation Report to show that the Town is now eligible for the reservation of funds as spelled out in its initial application. On May 18, 1959 this report was approved, and now we are continuing on with the final plans which will be completed in 1961, and ready to be submitted at the next annual or special Town Meeting.

Your Authority has met with many boards this past year, and has received excellent cooperation from everyone for which we are most appreciative.

Our object is still the same as when we made our last report to:

A. Improve and beautify the Summer Street-High Street area.

B. Improve our Pilgrim Landmarks.

C. Bring more desirable and more taxable real estate into the Town.

Of the $10,000 appropriated at the Special Town Meeting in December 1958, the Authority has expended $2,814.97 leaving a balance at this time of $7,185.03.

Respectfully submitted,

RALPH L. DREW, *Chairman*

REPORT OF THE BOARD OF PUBLIC WELFARE

The members of the Board of Public Welfare on January 1, 1960 were Margaret E. McLean, Chairman, Dexter M. Brooks, John J. Magee, Francis Murphy, and Joseph H. Nogueira.

At the March 1960 Annual Town Election, Dexter M. Brooks was re-elected a member of the Board of Public Welfare.

At the organization meeting of the Board of Public Welfare held following the Town Election, Margaret E. McLean was re-appointed Chairman of the Board of Public Welfare, and also Acting Secretary of the Board.

Albert A. Saunders, Director of Public Assistance for the Board of Public Welfare, who had been on sick leave since October 19, 1959, retired on March 31, 1960. Mr. Saunders had served the Town of Plymouth for twenty years.

Joseph H. Nogueira tendered his resignation as a member of the Board effective September 30, 1960.

At a joint meeting of the Board of Selectmen and the Board of Public Welfare on October 20, 1960, Paul Withington was appointed to fill the vacancy until the next Annual Town Election.

OLD AGE ASSISTANCE

In the Old Age Assistance category the year opened with 412 cases being aided. The case load remained fairly constant until October and November, when 56 cases were transferred to the new category of Medical Assistance to the Aged. The year closed with 355 cases receiving Old Age Assistance.

The 1960 appropriation for Old Age Assistance was $334,000.00. Federal Grants of $203,383.97 were received during the year making available $537,383.97 for Old Age Assistance in 1960. The total payments for Old Age Assistance were $503,326.58. The share of the Commonwealth of Massachusetts will be approximately $214,007.62, and approximately $4,800.41 will be received from other cities and towns for aid granted Old Age Assistance recipients residing in Plymouth and having settlements in other communities.

MEDICAL ASSISTANCE TO THE AGED

This is a new category of assistance which was effective on October 1, 1960. 56 Old Age Assistance cases were transferred to this category in October and November.

The total payments were $24,048.69, which came from the Old Age Assistance appropriation. The share of the Commonwealth of Massachusetts will be approximately $8,453.10. Federal Grants for 1960 should total approximately $10,858.52.

AID TO DEPENDENT CHILDREN

In this category of assistance the year began with 81 cases composed of 60 parents and 177 children receiving aid. At the close of the year there were 73 cases composed of 55 parents and 165 children receiving aid.

The appropriation was $90,000.00 Federal Grants of $57,849.00 were received during the year, making a total of $147,849.00 available for Aid to Dependent Children. The total expenditure for Aid to Dependent Children was $137,414.55.

The share of the Commonwealth of Massachusetts will be approximately $45,382.14.

DISABILITY ASSISTANCE

In this category of assistance the year opened with 54 cases receiving aid. The year closed with 50 cases receiving aid.

The 1960 appropriation was $40,000.00. Federal Grants in the amount of $25,725.92 were received during the year, making a total of $65,725.92 available for Disability Assistance. The total payments were $64,627.38.

The share of the Commonwealth of Massachusetts will be approximately $22,144.11.

GENERAL RELIEF

During the year 139 cases received assistance. 96 new applications were approved.

128 cases were closed during the year, and 34 reapplied for assistance.

At the beginning of the year 42 cases composed of 133 persons were being aided. The peak load came in March with 71 cases composed of 261 persons being aided. Most of this increase was due primarily to the strike at the Fore River Shipyard. The case load decreased to a low 25 cases composed of 53 persons in August.

The year closed with 45 cases composed of 135 persons.

The appropriation was $55,450.00 Payments totalled $43,760.12. The Commonwealth of Massachusetts and other cities and towns paid the Town of Plymouth $13,344.62.

INFIRMARY

The facilities of the Town Infirmary were made available to 5 persons during the year.

The appropriation for the year was $11,369.95 for general expenses and salaries. The total payments were $7,035.64.

The Infirmary was officially closed as of August 1, 1960. The Board of Public Welfare turned over the building, with such furnishings as had not been removed, to the Board of Selectmen. This action was voted upon favorably at the special Town Meeting held on November 21, 1960.

According to old records, the Infirmary had been in operation for approximately 135 years.

IN CONCLUSION

We would like to report a sum of $18,382.56 which was given to the Town Treasurer and represented recoveries principally on Old Age Assistance Liens on real estate in 1960.

In general summary, we have returned balances to the "Revenue" account from all categories despite cost of living increases in budgets and rising medical costs.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Tree planting in 1961 is a must on new streets.

Approximately 125 trees of 10′ to 12′ heights are running a little more costly, around $8.50 each so we need more funds to replace trees on streets where we have removed them.

Spraying of trees for red spider, aphids and mites was not satisfactory. Our old sprayer, I hope, will be replaced in 1961. The old one is a 300 gallon capacity but in 1960, on account of its poor condition, we could only carry 100 gallons of water.

A great many trees were pruned since Hurricane "Donna" and will be carried on until it is cleared up.

I want to thank those who have helped in my work and made my job more pleasant through the year.

Respectfully submitted,

JOHN A. KENNEDY,

Tree Warden.

REPORT OF CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen:

The maintenance of the several cemeteries has been carried on as usual, but the general appearance in some places suffered considerably in the hurricane of September 12, 1960. Altogether 51 trees were completely lost, 42 at Oak Grove and Vine Hills Cemeteries, and the balance at Burial Hill and the Outlying Cemeteries. There was further damage, such as broken branches and some monuments damaged by falling trees and branches. The total cost of cleaning up after this storm was $3,756.65.

In addition to the general care and maintenance, we wish to record the following items for the records.

At Oak Grove and Vine Hills Cemeteries a surface water drain and catch basin were installed to take the water from the low spot near the Easterly Samoset Street gate. A new surface of black-top, 1¼ inches thick, was put on the main avenue from the Samoset Street gate for a distance of 1500 lineal feet toward the Summer Street gate. The building used for the office and tool room was painted.

More of the addition to Vine Hills Cemetery was filled and graded, and a fence with a new entrance was erected along the Samoset Street side. The fence will be extended along the Westerly side, after some grading is completed on the line of the State Highway. The road from the new entrance on Samoset Street, which will extend across the new addition, will join the road from the present Vine Hills Cemetery at the top of the hill. As part of this road will be on newly filled ground, it seemed advisable to wait another year before constructing it.

At Burial Hill some mason work had to be done around the Town Square entrance.

At the Chiltonville Cemetery the black-top covering on the roadway was carried along the Northerly side, and the water pipe was extended.

At the Manomet Cemetery the whole central section has now been graded and seeded, and this should take care of the demand for lots for quite a few years. There is still a substantial amount of undeveloped land here that can be developed when needed.

At Cedarville the fence around the cemetery was repaired by replacing the wooden posts with posts of reinforced concrete. The iron pipe railing was all in good shape so it was installed on the new cement posts. The receipts and payments of the Department are listed in Schedule "A" and in "B" the Town Accountant's report.

Respectfully submitted,

ANNUAL REPORT OF THE PLANNING BOARD

The duly elected Planning Board continued to function during the calendar year of 1960 in accordance with the vote of the Town, passed March 26, 1949.

The Board held its regular meetings on the first and third Mondays of the month throughout the year and also many special meetings, with an attendance average of 95%.

Seven plans for subdivision of land into a total of 90 lots were signed by the Board during the year. Four plans with a total of 441 lots were still pending as of January 1, 1961. In addition 48 plans involving 82 lots, claimed approval not required, were submitted. All met the necessary requirements and were endorsed.

Again this year the Planning Board has submitted an amendment to substitute a revised Zoning By-law for the present By-law to be included in the Warrant for the 1960 Annual Town Meeting.. Numerous meetings were held with the original Study Committee, the Development & Industrial Commission, and others. After careful consideration, certain changes were made to the By-law which was presented last year. All to be presented at a Public Hearing prior to Town Meeting, as prescribed by law. Special meetings throughout the year were also held with Mr. Brewster Fuller, representing Whitman & Howard, who had been hired to bring the Plymouth Compact of 1949 up to date in accordance with the Federal requirements for the Urban Redevelopment Program. This work, which includes recommendations for many major com-

munity improvements, has been completed and copies of the Plymouth Compact of 1961 will be available for public distribution.

REPORT OF PLYMOUTH HOUSING AUTHORITY

There continues to be a waiting list of applicants for houses at the Veterans Housing Project.

The charges and limitations remain the same as reported in the Annual Report of a year ago.

Two major improvements made this past year were the installation of playground equipment and the replacing of clapboards with shingles on three of the buildings.

The Tenth Anniversary was observed with an article and pictures in the Old Colony Memorial, which met with great favor.

In response to the requests for housing of the elderly, the question of building such a project has been placed in the 1961 Town Warrant. If approved by the Town, the Housing Authority is prepared to set in motion the necessary steps for its development.

REPORT OF THE PARK DEPARTMENT

The Plymouth Park department experienced a most successful and progressive year during 1960 having accomplished much at a nominal cost to the town and without any projected capital outlay.

The department operated throughout the year on a near $69,000 budget of which some $30,000 was for salaries, exclusive of labor. To substantiate such a salary spending we are mindful that the department employs nine all-year-round help and that for ten (10) weeks of the year the department has an added staff of twenty-eight employees.

Total cash receipts of the Park Department during the year 1960 were $21,408.09 of which fact the Department reminds the townspeople that inasmuch as such receipts are wholly from out-of-Plymouth people and that such amounts are deposited in the town treasury (excess & deficiency), it can reasonably be assumed that one-third of Plymouth park costs are borne by the non-resident of the town, — and that actually the town's 16 parks, 8 playgrounds, 5 bathing beaches and 2 camp sites are operated at an annual town cost of but some $40,000.

BRIEFLY:

Parks:

The old electric power house building on Water street was demolished and considerable landscaping started at Brewster Gardens; a fence was placed around this new property acquisition; the damaged wall in Town Brook was repaired; a road was widened in Morton Park; a parking lot was developed in Morton park; three new fire places were constructed in Morton Park; a new swimming raft was built for Morton Park.

Bathing Beaches:

A new raft was made for Nelson street beach; storm damage was repaired at all beaches; rip-rap was placed in front of the seawall at Nelson street; the parking area for boat trailers at the north portion of Nelson street was completed.

Playgrounds:

The summer playground program at Stephens field, John A. Siever Memorial Field and Veteran's field recorded a total of 6,750 boys and girls throughout the nine week period. A total of 108 took part in the organized baseball, 30 boys in basketball, 70 girls and boys in the arts and crafts classes, 20 girls in archery classes, 25 boys in the 1,000 point contests and some 200 boys and girls attended the annual baseball trip to Fenway park and the Boston Red Sox; a new backstop and chain link fence was erected at Stephens field; tennis courts and outdoor basketball courts were sealed at Stephens field, Summer Street and Veterans field; the parking area was increased at the Siever field; and a new flag pole was put up at Veteran's field.

REPORT OF THE BOARD OF RETIREMENT

To the Citizens of the Town of Plymouth:

The Board of Retirement presents herewith its twenty-fourth report covering the activities of the Contributory Retirement System for the year 1960.

We bring to the attention of the members the following amendments to Chapter 32 of the General Laws, enacted in 1960:

Chapter 647. Accepted by the Town on November 21, 1960, increasing the retirement allowances of several of our older, long-service pensioners.

Chapter 619. Amends Section 4 (h) (1) and 58A, extending the date for termination of military service credit from July 1, 1960 to July 1, 1962.

Chapters 492, 583, 670, 702 and 805. Amend Sections 12B, 12C and 95A, all affecting survivor benefits.

Chapter 728. Transfers from the Board of Selectmen to the Retirement Board, as of July 1, 1961, the responsibility for retirements under the Veterans' Act (Sections 56-60), the Laborers' Act (Section 77) and the School Janitors' Act (Section 44).

We regret to report the death of one active member, Francis E. Butts, and five pensioners — William T. Boudreau, Addie H. Burgess, Helen C. Doherty, Albert A. Saunders and Clifton C. Wood.

REPORT OF ADVISORY AND FINANCE COMMITTEE FOR 1960

Your Advisory and Finance Committee has carefully considered the budgets of the several departments and offices of the Town, as well as the special articles set forth in the warrant, and is pleased to submit its recommendations for your consideration.

Having in mind that, in addition to town taxes, the increasing national, state and county taxes also are ultimately reflected in your pocketbooks, the recommendations of your Committee, which are the result of its collective judgment, provide for salaries and wages which it believes fair to the employees of the Town and to the residents who pay them and for adequate maintenance and improvement of the Town's plant and physical property. Also we have recommended purchases of new equipment, vehicles, machines and other items which will improve the operating efficiency and the service rendered by the departments and offices and furnish the Town in general with facilities which will benefit the needs of its residents as well as make it attractive to visitors.

When one considers that the Town of Plymouth is 109 square miles in area, upon much of which low taxes are levied, has 268 miles of streets and roads to maintain and improve, has a 20-mile coast line to protect, and presently, with an almost static population and industry, is to be faced with huge school and sewer problems, it is evident that all the improvements which may be thought desirable cannot be made at once. The Committee has had to distinguish in its recommendations between those proposed expenditures which are immediately necessary, those which may be advisable but which can be deferred, and those which can be eliminated, in all cases having in mind the total tax burden which the citizens must bear. However, we must progress and intelligent expenditures must be made to the end that all sections of the Town will benefit and become attractive to its residents and prospective residents and to its visitors from whom the Town derives so large a part of its total annual business income. It is such expenditures, in the light of present economic conditions, that the Advisory and Finance Committee, acting in your behalf, believes it has recommended.

We wish to express our thanks and appreciation to the departments and offices of the Town, to committees and to the Personnel Board for their cooperation and the aid which they have given us in arriving at our determinations.

SUMMARY OF COMMITTEE RECOMMENDATIONS

Article 7	$2,926,306.10	
Special Articles	485,996.00	
State and County Assessments (net)	202,518.72	
Overlay Deficit — 1957	11.68	
Overlay Deficit — 1959	3,968.81	
Overlay for 1960 (Estimate)	60,000.00	
Total Recommended Expenditures		$3,678,801.31
Estimated Receipts	$1,015,202.33	
Excess and Deficiency (Articles 22, 78 and 79)	283,500.00	
Parking Meter Receipts (Articles 17 and 56)	41,200.00	
Sale of Cemetery Lots and Graves Fund (Article 43)	2,500.00	
Cash from Developers (Article 50)	2,040.00	
Bond Issue (Article 56)	75,000.00	
Total from sources other than tax levy		1,419,442.33
Net to be raised		$2,259,358.98
1960 Poll Tax (Estimate)		9,000.00
Balance from Real and Personal		$2,250,358.98

Based on the 1959 valuation of $37,887,425, this total will require a tax rate of approximately $59.40.

An increase of $1,000,000 in the valuation would reduce this tax rate by approximately $1.50.

Each $38,000 added to or subtracted from the net total above would increase or decrease the tax rate approximately $1.

REPORT OF PERSONNEL BOARD

The Personnel Board investigated the work and standard rates of salaries of the various positions subject to the provisions of the Salary Classification by-law and, as a result, recommends adjustments in salaries and wages totalling approximately $24,000. This amount includes a 10¢ hourly increase in wages in the labor group and increases resulting from changes in classifications in other groups.

Our investigation included the review of job descriptions for all of the clerical group, a study of the relative position of the wages and salaries of the foremen and the executive group, and a study of the Police and Fire Departments to determine a means of providing a greater spread in salaries between the various positions within these departments.

Our reason for recommending the 10¢ increase for the labor group is based upon our findings in making a number of studies of towns having similar populations, which showed that the general wage level of our labor group was somewhat low.

With the new classifications, the general salary level of the Town of Plymouth compares favorably with other towns that were included in our survey.

The above recommendations will increase the tax rate approximately 63¢, based on the 1959 valuation.
